  - (c) For Individual Demat shareholders - Please update your email id & mobile no. with your respective Depository Participant (DP) which is mandatory while e-Voting & joining virtual meetings through Depository.
23. Members may please note that SEBI vide its Master Circular dated May 07, 2024 has mandated the listed companies to issue securities in dematerialized form only while processing service requests viz. Issue of duplicate share certificate; renewal / exchange of share certificate; endorsement; sub-division / splitting of share certificate; consolidation of share certificates / folios; transmission and transposition. Accordingly, Members are requested to make service requests by submitting a duly filled and signed Form ISR – 4, the forms which are available on the website of RTA i.e. Link Intime India Private Limited at [www.linkintime.co.in](http://www.linkintime.co.in). It may be noted that any service request can be processed only after the folio is KYC Compliant.
24. Members holding shares in physical form, in identical order of names, in more than one folio are requested to send to the Company or RTA, the details of such folios together with the share certificates along with the requisite KYC Documents for consolidating their holdings in one folio. Requests for consolidation of share certificates shall be processed in dematerialized form only.
25. SEBI has mandated submission of PAN by every participant in the securities market. Members holding shares in electronic form are, therefore, requested to submit their PAN details to their depository participants. Members holding shares in physical form are requested to submit their PAN details to the Company's RTA.
26. As per the provisions of Section 72 of the Act and SEBI Circular,

the facility for making nomination is available for the Members in respect of the shares held by them. Members who have not yet registered their nomination are requested to register the same by submitting Form No. SH-13. If a Member desires to opt out or cancel the earlier nomination and record a fresh nomination, he / she may submit the same in Form ISR-3 or SH-14 as the case may be. The said forms can be downloaded from the website of RTA i.e. Link Intime India Private Limited at [www.linkintime.co.in](http://www.linkintime.co.in). Members are requested to submit the said details to their DP in case the shares are held by them in dematerialized form and to RTA in case the shares are held in physical form.

### PROCESS AND MANNER FOR VOTING BY ELECTRONIC MEANS (E-VOTING):

**The instructions for members for remote e-voting and e-voting during the AGM and joining the meeting through VC / OAVM are as under:**

In compliance with Section 108 of the Companies Act, 2013 and Rule 20 of the Companies (Management and Administration) Rules, 2014, as substituted by the Companies (Management and Administration) Amendment Rules, 2015 ('Amended Rules 2015') and Regulation 44 of SEBI Listing Regulations and in terms of SEBI Master Circular dated July 11, 2023 related to "E-voting facility provided by Listed Entities" and Secretarial Standards on General Meetings (SS-2) issued by the Institute of Company Secretaries of India read with MCA Circulars and SEBI Circular, the Company is providing remote e-Voting facility to its Members in respect of the business as set forth in the accompanying Notice of AGM to be transacted at the 38<sup>th</sup> AGM and facility for those Members participating in the 38<sup>th</sup> AGM through VC / OAVM to cast vote through e-Voting during the 38<sup>th</sup> AGM through e-Voting services provided by Central Depository Services (India) Limited (CDSL).

The cut-off date for the purpose of remote e-voting and e-voting at the AGM shall be Thursday, 5<sup>th</sup> September, 2024. Please note that members can opt for only one mode of voting i.e. either by e-voting at the meeting or remote e-voting. If Members opt for remote e-voting, then they should not vote at the Meeting and vice versa. However, once an e-vote on a resolution is cast by a Member, such Member is not permitted to change it subsequently or cast the vote again.

The e-voting facility is available at the link [www.evotingindia.com](http://www.evotingindia.com)

#### (A) The instructions for members for voting electronically:-

- (i) The remote e-voting period begins on Monday, 9<sup>th</sup> September, 2024 (9.00 a.m. IST) and ends on Wednesday, 11<sup>th</sup> September, 2024 (5.00 p.m. IST). During this period, shareholders of the Company holding shares either in physical form or in dematerialized form, as on the cut-off date of Thursday, 5<sup>th</sup> September, 2024, may cast their vote electronically. The e-voting shall not be allowed beyond the said time and date and e-voting module shall be disabled by CDSL for voting thereafter.
- (ii) A person who is not a Member as on the cut-off date

**NOTICE**

should treat this Notice of 38<sup>th</sup> AGM for information purpose only.

- (iii) The members who have casted their vote by remote e-voting prior to the meeting may also attend the meeting through VC / OAVM but shall not be entitled to cast their vote again.
- (iv) Pursuant to SEBI Master Circular dated July 11, 2023 and Regulation 44 of SEBI Listing Regulations, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders’ resolutions. However, it has been observed that the participation by the public non-institutional shareholders / retail shareholders is at a negligible level.

Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to all the demat account holders, by way of a single login credential, through their demat accounts / websites of Depositories / Depository Participants. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

**Step 1:-** Access through Depositories CDSL / NSDL e-Voting system in case of individual shareholders holding shares in demat mode.

- (v) In terms of SEBI Master Circular dated July 11, 2023 on e-Voting facility provided by Listed Companies, Individual shareholders holding shares in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. Shareholders are advised to update their mobile number and email Id in their demat accounts in order to access e-Voting facility.

Pursuant to abovesaid SEBI Circular, Login method for e-Voting and joining virtual meeting for **Individual shareholders holding shares in Demat mode with CDSL / NSDL** is given below:

**ANNEXURE TO THE NOTICE****EXPLANATORY STATEMENT PURSUANT TO SECTION 102(1) OF THE COMPANIES ACT, 2013:****ITEM NO. 3:**

The Board of Directors of the Company at their Meeting held on 20<sup>th</sup> May, 2024, on the recommendation of the Audit Committee, approved the appointment and remuneration of M/s. V. H. Savaliya & Associates, Cost Accountants (Membership No.13867), Ahmedabad as Cost Auditor of the Company to conduct the audit of the cost accounting records of the Company for the financial year ending on 31<sup>st</sup> March, 2025 at a remuneration of Rs.2,00,000/- (Rupees Two Lacs Only).

In accordance with the provisions of Section 148(3) of the Companies Act, 2013 read with the Companies (Audit and Auditors) Rules, 2014 and Companies (Cost Records and Audit) Rules, 2014 (including any statutory modification(s) or re-enactment(s) thereof for the time being in force), the remuneration payable to the Cost Auditor is required to be ratified by the Members of the Company.

Accordingly, consent of the Members is sought for approving the Ordinary Resolution as set out in Item No. 3 of the Notice for ratification of the remuneration payable to the Cost Auditor for the financial year ending on 31<sup>st</sup> March, 2025.

The resolution as set out in Item no. 3 of this Notice is accordingly recommended for your approval.

None of the Directors, Key Managerial Personnel of the Company or their relatives are, in any way, concerned or interested, financially or otherwise in the said resolution.

**ITEM NO. 4:**

Pursuant to Regulation 17(1D) inserted by the SEBI (Listing Obligations and Disclosure Requirements) (Second Amendment) Regulations, 2023 dated 14<sup>th</sup> June, 2023 (effective from 15<sup>th</sup> July, 2023) (the 'SEBI LODR Regulations, 2015'), with effect from April 1, 2024, the continuation of a Director serving on the Board of Directors of a listed entity shall be subject to the approval by the shareholders in a general meeting at least once in every five (5) years from the date of their appointment or reappointment, as the case may be.

Further, it is also provided that the continuation of director serving on the Board of Directors of a listed entity as on 31<sup>st</sup> March, 2024, without the approval of the shareholders for the last five (5) years or more shall be subject to the approval of shareholders in the first general meeting to be held after 31<sup>st</sup> March, 2024.

Further, it is also provided that the requirement specified in this regulation shall not be applicable to the Whole-Time Director, Managing Director, Manager, Independent Director or a Director retiring as per the sub-section (6) of section 152 of the Companies Act, 2013, if the approval of the shareholders for the re-appointment or continuation of the aforesaid directors or Manager is otherwise provided for by the provisions of these regulations or the Companies Act, 2013 and has been complied with.

Further, it is also provided that the requirement specified in this regulation shall not be applicable to the director appointed pursuant to the order of a Court or a Tribunal or to a nominee director of

the Government on the board of a listed entity, other than a public sector company, or to a nominee director of a financial sector regulator on the board of a listed entity.

Further, it is also provided that the requirement specified in this regulation shall not be applicable to a director nominated by a financial institution registered with or regulated by the Reserve Bank of India under a lending arrangement in its normal course of business or nominated by a Debenture Trustee registered with the Board under a subscription agreement for the debentures issued by the listed entity.

It is to be noted that the Company has two Managing Directors and three independent directors, whose appointment / re-appointment has been approved by the shareholders in general meeting / through postal ballot during last five (5) years.

Mr. Mukesh Bhandari (DIN: 00014511) is a Director of the Company since 01<sup>st</sup> March, 1994. He was appointed / re-appointed as a Managing Director / Chairman of the Company from time to time. Lastly, the shareholders of the Company, at the 30<sup>th</sup> Annual General Meeting held on 30<sup>th</sup> September, 2016, re-appointed Mr. Mukesh Bhandari as a Managing Director designated as a Chairman of the Company for a further period of 3 (three) years with effect from 1<sup>st</sup> February, 2017 till 31<sup>st</sup> January, 2020. Thereafter, the Board had not approved the re-appointment of Mr. Mukesh Bhandari (DIN: 00014511) as a Chairman of the Company. As such, Mr. Mukesh Bhandari ceased to be a Chairman of the Company with effect from 1<sup>st</sup> February, 2020 and continued as a Non-Executive Director.

Further, as per Article 109 of the Articles of Association of the Company, Mr. Mukesh Bhandari is Director not liable to retire by rotation.

Since Mr. Mukesh Bhandari, Non-Executive Director, is not liable to retire by rotation and he was lastly re-appointed by the Shareholders of the Company on 30<sup>th</sup> September, 2016 and as on 31<sup>st</sup> March, 2024, he is serving on the Board of Directors of the Company without the approval of the shareholders for more than five years and therefore, pursuant to Regulation 17(1D) of the SEBI LODR Regulations, 2015, his continuation as a Non-Executive Director w.e.f. 1<sup>st</sup> April, 2024 shall be subject to the approval of shareholders in the first general meeting to be held after 31<sup>st</sup> March, 2024.

The brief profile of Mr. Mukesh Bhandari as available with the Company is as under:

Mr. Mukesh Bhandari aged about 73 years has been associated with the Company since its inception as its Director and he had contributed immensely to the growth of the business of the Company. He is an Electrical Engineer. He was the brain behind indigenously designing and developing metallurgical equipment as import substitution and to provide effective customer service in India. He looked after the entire Research & Development activities in connection with DC Arc Furnace, Induction Melting Furnace & Induction Heating & Hardening Equipment etc. & led the team of R & D. Mr. Mukesh Bhandari is a member of Iron & Steel Society, USA, Institution of Indian Foundry men and Society of Automotive Engineers (SAE). [Pursuant to Section 204(1) of the Companies Act, 2013 and Rule No. 9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]

To  
The Members,  
**Electrotherm (India) Limited**  
A-1, Skylark Apartment,  
Satellite Road, Satellite,  
Ahmedabad – 380015

I have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **Electrotherm (India) Limited (CIN L29249GJ1986PLC009126)** (hereinafter called the "Company"). Secretarial Audit was conducted in a manner that provided me a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing my opinion thereon.

Based on my verification of the Company's books, papers, minutes books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorised representatives during the conduct of secretarial audit, the explanations and clarifications given to us and the representations made by the Management, I hereby report that in my opinion, the Company has, during the audit period covering the financial year ended on **31<sup>st</sup> March, 2024** ('Audit Period') complied with the statutory provisions listed hereunder and also that the Company has proper board-processes and compliance mechanism in place to the extent, in the manner and subject to the reporting made hereinafter.

I have examined the books, papers, minute books, forms and returns filed and other records maintained by **Electrotherm (India) Limited** for the financial year ended on **31<sup>st</sup> March, 2024** according to the provisions of:

  - (f) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client;
  - (g) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009 (Not applicable to the Company during the Audit Period); and
  - (h) The Securities and Exchange Board of India (Buyback of Securities) Regulations, 2018 (Not applicable to the Company during the Audit Period);
- (vi) Following laws specifically applicable to the Company:-
1. Air (Prevention and Control of Pollution) Act, 1981 and the rules and standards made thereunder;
  2. Water (Prevention and Control of Pollution) Act, 1974 and Water (Prevention and Control of Pollution) Rules, 1975;
  3. Environment Protection Act, 1986 and the rules, notifications issued thereunder;
  4. Hazardous Waste (Management, Handling and Transboundary Movement) Rules, 2008
  5. Motor Vehicles Act, 1988 to the extent of product certification before production and from time to time primarily in respect of vehicles manufactured by the Company.

I have also examined compliance with the applicable clauses of the following:

- (i) Secretarial Standards with regard to Meeting of Board of Directors (SS-1) and General Meetings (SS-2) issued by the Institute of Company Secretaries of India; and
- (ii) The Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 [the "SEBI (LODR) Regulations, 2015"].

## ANNEXURE TO THE BOARD'S REPORT

I further report that during the period under review, the Company has complied with the applicable provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above, *except followings:*

- (i) *The Company has not appointed Chief Financial Officer (CFO) till 23<sup>rd</sup> May, 2023 which is required to be appointed under the provisions of Section 203 of the Companies Act, 2013 read with Rule 8 of The Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014.*
- (ii) *The Company has not made/submitted the disclosures of defaults on payment of interest/ repayment of principal amount on loans from banks / financial institutions, under SEBI Circular SEBI/HO/CFD/CMD1/CIR/P/2019/140 dated 21<sup>st</sup> November, 2019, for the period from 01<sup>st</sup> April, 2023 till 31<sup>st</sup> March, 2024 during the period under review.*

### I further report that

The Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors. The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act.

Adequate notice is given to all directors to schedule the Board Meeting, agenda and detailed notes on agenda were usually sent seven days in advance and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

Majority decision is carried through while the dissenting members' views are captured and recorded as part of the minutes.

**I further report that** there are adequate systems and processes in the Company commensurate with the size and operations of the Company to monitor and ensure compliances with applicable laws, rules, regulations and guidelines.

**I further report that** during the audit period, there was no specific events/actions having major bearing on the Company's affairs except the following:

- (a) Mr. Siddharth Bhandari, one of the Promoter group and erstwhile Whole-time Director and Dr. Rakesh Bhandari, one of the Promoter group of the Company ("Petitioners") has filed two separate petitions (CP No. 93 / 2018 and CP No. 94 / 2018) before the Hon'ble National Company Law Tribunal, Ahmedabad ("NCLT") under Section 149, 150, 152, 159 and 176 of the Companies Act, 2013 *inter alia*, for declaring the appointment of four independent directors as null and void from their respective dates of appointment being violative of provisions of Section 149 and 150 and other related provisions of the Companies Act, 2013 and the Companies (Appointment and Qualification of Directors) Rules, 2014. The interim order dated May 4, 2021 passed by the Hon'ble NCLT, Ahmedabad for joint signature of Mr. Siddharth Bhandari in bank accounts, policy decisions affecting smooth running of company as a going concern etc. was challenged by Mr. Shailesh Bhandari & Company before Hon'ble NCLAT and thereafter, before Hon'ble Supreme Court of India. After granting stay on joint

signature in bank accounts by the Hon'ble NCLAT and Hon'ble Supreme Court of India, the appeals were finally disposed of. Therefore, there was joint signature of Mr. Siddharth Bhandari in bank accounts during the interregnum period. The CP No. 93 / 2018 and CP No. 94 / 2018 was finally heard by the Hon'ble NCLT, Ahmedabad and the said petitions were disposed of on January 11, 2023 as not maintainable and vacated all interim orders. The Petitioners have challenged the order dated January 11, 2023 before the Hon'ble NCLAT and the appeals are pending before the Hon'ble NCLAT for hearing.

- (b) Mr. Siddharth Bhandari – erstwhile Whole-time Director & Promoter group, Dr. Rakesh Bhandari, Promoter group and Mr. Mukesh Bhandari – erstwhile Chairman & Promoter and currently Non-Executive Director of the Company has filed a petition (CP No. 89 / 2019) before the Hon'ble National Company Law Tribunal, Ahmedabad ("NCLT") under Section 222 of the Companies Act, 2013 against the Company and three shareholders for suspension of their voting rights and non-participation in voting at the 33<sup>rd</sup> Annual General Meeting of the Company and for maintaining the existing status of Petitioner No. 1 Mr. Siddharth Bhandari. The Hon'ble NCLT vide order dated September 27, 2019 allowed the Company to go ahead with the 33<sup>rd</sup> Annual General Meeting and e-voting process, however, the agenda Item No. 2 of the AGM shall be subject to final outcome of the petition. Thereafter, the Hon'ble NCLT, Ahmedabad by order dated January 11, 2024 dismissed CP No. 89 / 2019 as infructuous.
- (c) Mr. Siddharth Bhandari, Mr. Mukesh Bhandari and Dr. Rakesh Bhandari ("Petitioners") has filed a petition (CP No. 5/2022) before the Hon'ble National Company Law Tribunal, Ahmedabad ("NCLT") under Section 241-242 of the Companies Act, 2013 against the Company, Mr. Shailesh Bhandari & Others. The Hon'ble NCLT has issued notice to respondents and directed to file reply on interim relief and maintainability. The Company has filed its reply on interim relief and maintainability. The petition is pending for further hearing.

During the pendency of this petition, the Petitioners have filed an Interlocutory Application No. 55 / 2022 in CP No. 5/ 2022 to restrain the Company from holding Board Meeting dated August 2, 2022 and stay some of the agenda items. The Hon'ble NCLT, Ahmedabad by order dated August 24, 2022 not granted any stay and rejected the application as misconceived and not maintainable. The Petitioners have challenged the order dated August 24, 2022 before the Hon'ble NCLAT and the Hon'ble NCLAT by order dated November 29, 2022 dismissed the appeal. The Petitioners have challenged the order dated November 29, 2022 before the Hon'ble Supreme Court of India and the civil appeal is pending for hearing before the Hon'ble Supreme Court of India.

The Petitioners have also filed an Interlocutory Application No. 5 / 2024 in CP No. 5 / 2022 for various reliefs including joint signature in bank accounts. The Hon'ble NCLT, Ahmedabad by order dated March 19, 2024 dismissed the application.

initiated inspection of books of accounts and other records under Section 206(5) of the Companies Act, 2013. Thereafter, the Regional Director has issued letter for violations / irregularities of the Companies Act, 1956 / 2013 and the Company has replied to the same. Based on the same, the Registrar of Companies, Gujarat has issued letter for violations of Section 128(1), 129(1), 129(5), 133 read with Schedule III of the provisions of the Companies Act, 2013 and initiated prosecution against Mr. Mukesh Bhandari, Mr. Shailesh Bhandari, Mr. Avinash Bhandari, Mr. Siddharth Bhandari, Managing Directors / Whole-time Director & Late Mr. Pawan Gaur, Chief Financial Officer of the Company. Mr. Shailesh Bhandari, Mr. Avinash Bhandari & Late Mr. Pawan Gaur have challenged the said prosecution before the Hon'ble Gujarat High Court under Section 463 of the Companies Act, 2013 and the said petition is pending for hearing before the Hon'ble Gujarat High Court.

Further the office of Regional Director vide letter / order dated December 24, 2019 informed the Company about investigation into the affairs of the Company under Section 210(1)(c) of the Companies Act, 2013. Thereafter, the Company was directed to furnish documents / information and the Company has challenged the said investigation before the Hon'ble Gujarat

High Court. As the petition was rejected by the Hon'ble Gujarat High Court, the Company has challenged the same before division bench by filing Letters Patent Appeal and the division bench of the Hon'ble Gujarat High Court has passed order for continuation of investigation and that if the report recommends closure of the proceedings, no further orders may be necessary, however, if the report recommends some coercive measures to be taken, then the Central Government or the competent authority may not take any such decision without leave of the Court. The Letters Patent Appeal is pending awaiting the appropriate report of investigation under Section 210 of the Companies Act, 2013.

## ANNEXURE – D

Conservation of Energy, Technology Absorption and Foreign Exchange Earnings and Outgo under Section 134(3)(m) of the Companies Act, 2013 read with the Companies (Accounts) Rules, 2014

## A. CONSERVATION OF ENERGY:

During the last few years, the Company has taken various steps for conversion of energy and using alternate sources of energy by making capital investment on energy conservation equipments, which are as under:

## (i) Steps taken or impact on conservation of energy

- Modification of belt conveyor in CPP plant
- Insulation of steam line to reduce surface temperature
- Refractory of RK-2 to improve thermal efficiency
- Installation of capacitor bank to improve power facto from 0.92 to 0.95.
- Installation of LED lights for energy conservation in rolling mill
- Replacement of multiple motors with single motor for better efficiency

## (ii) The Steps taken for utilizing alternate sources of energy

- Whenever feasible and appropriate, Steel Division is using wind energy as alternate sources of energy.

## (iii) Capital investment on energy conservation equipment's:

- Capital investment towards the efforts for energy efficiency improvements at Steel Division:

## B. TECHNOLOGY ABSORPTION:

## (i) The efforts made towards technology absorption

- Production of new grades of steel like Fe 600, Vanadium Micro Alloyed Steel & others applications has been established in steel melting shop. Vanadium micro alloyed steel has high ductility over a wide temperature range, less prone to cracking during continuous casting & bending of rebar. Addition of 0.1% Vanadium results in savings of 10% to 15% on steel consumption and reduction of carbon footprint.
- Relatively high ductility over a wide temperature range, Vanadium steel is less prone to cracking during continuous casting at lower reheat temperature also.

**ANNEXURE TO THE BOARD'S REPORT**

- Vanadium is distributed uniformly during rolling resulting in low rolling loads.
- Installation of new Rolling mill-2 (high speed rolling @50mtr/sec for 8mm size with twin module block in cooling bed and all systems with VVF AC drive voltage-690V gives energy saving and better mechanical and metallurgical properties in Rebars).
- Induction furnace pollution dust was collected from a scrap based steel making plant which uses 90% scrap in charge mix. The collected pollution dust was characterized and found 30% Zn compounds in it. The dust sample was leached and then electrolyzed in NaOH alkaline medium solution. The process resulted in the recovery of 60-70% of Zn of purity 95%. The process can be further developed and offered to end customers having scrap based SMS.

**(ii) Benefits derived like product improvement, cost reduction, product development, import substitution etc.**

- Dowel Bars (Round Bars) (IS 432 : PART 1 & PART 2) is a new value added commercial product.
- Development of 50 mm diameter TMT Bar & For Dowel Bar 32 mm to 50 mm
- Development of Super Ductile Steel.

**(iii) Imported Technology : None****(iv) Expenditure incurred on Research and Development: NIL****C. FOREIGN EXCHANGE EARNINGS AND OUTGO**

## MANAGEMENT DISCUSSION AND ANALYSIS REPORT

### MANAGEMENT DISCUSSION AND ANALYSIS REPORT

#### OVERVIEW OF ECONOMY / OUTLOOK

The Indian economy remains on a transformative growth path, demonstrating its inherent strength and resilience. India appears to be well on track to become the third largest economy over the next three years. According to the National Statistical Office, the Indian economy is projected to grow 7.6% in 2023-24 compared with 7.0% last year. The GDP grew at 8.2% in Apr-Dec compared with 7.3% in the same period a year ago, with GDP growing above 8.0% in all first three quarters of 2023-24, the first such instance since 2016-17.

The focus of the Interim Budget for 2024-25 has been on fiscal consolidation. In Interim Budget 2024-25, Government announced allocating Rs. 11 lakh, 11 thousand and 111 Crore towards capital expenditure. This would account for 3.4% of the GDP. Reckoning it as among the policy prerogatives, this is major boost towards investment in infrastructure by central government. Ministry of Road Transport & Highways aims for 13,814 km of national highway construction in FY 2024 and a network to two lakh km by 2025.

The Budget has promised the next generation reforms to make India a developed nation by 2047, the 100<sup>th</sup> anniversary of India's Independence. As a first step, the Budget has allocated Rs. 75,000 crore as 50-year interest-free loans for milestone linked reforms in states. The steel sector got a major boost with the government including specialty steel under the Production Linked Incentive Scheme with an outlay of Rs. 6,322 crore.

The IMF and World Bank, have upgraded India's growth forecasts for 2024 and 2025, amid caution surrounding geopolitical tensions. The RBI pegs India's economic growth at 7.2% for FY 2024-25 while expecting inflation to average 4.5%, down from 5.4% in FY 2023-24.

#### INDUSTRY STRUCTURE & DEVELOPMENTS

The Management's perspective on performance of the Company for financial year 2023-24 is given in this report, should be read in conjunction with the Company's financial statements, the schedules and notes thereto and other information included elsewhere in the Annual Report. The Company's financial statements have been prepared in accordance with Indian Accounting Standards ('Ind AS') complying with the requirements of the Companies Act, 2013, as amended and regulations issued by the Securities and Exchange Board of India ('SEBI') from time to time.

Electrotherm (India) Limited a leading engineering company, having expertise in metal and induction technology is reputed brand for steel melting solution globally. Commitment to quality and customer centric approach has helped the company in achieving ever best performance in financial year 2023-24. Electrotherm is the strongest brand across diverse sectors of technology and metal. In the last biennium ENT division of the company has reached to a new milestone and the company's special steel division had complete turnaround saga from negative bottom-line to highest ever profit in financial year 2023-24.

Building on the strong foundations, the robust growth momentum of Electrotherm will continue in upcoming years as the Ministry of Steel has embarked on several initiatives aimed at decarbonizing steel sector in line with India's commitment to achieving net-zero emissions, as outlined in COP-26. The steel sector in India has been embracing the adoption of best available technologies from around the world in its modernization and expansion projects, underscoring the industry's commitment to reduce its carbon footprint and transition to sustainable practices.

#### A. ENGINEERING & TECHNOLOGIES DIVISION:

Electrotherm ENT division is the most valuable and reputed name for providing effective steel melting solution to India and 73 other countries. The company has always been ahead of time to its customers with the cutting-edge technology products for the metal melting as well as handling. In financial year 2023-24 the company has unveiled a landmark achievement with the launch of 26MW/50Ton DiFOC with an innovative 48 Pulse DTi series. This monumental project is a testament to unwavering commitment to redefining the standards of steel manufacturing.

As pioneers in the industry, the company has focused on introducing a revolutionary cutting-edge technology that sets new benchmarks in both capacity and efficiency. Incorporating AI and cutting-edge technologies elevates Electrotherm's capacity to set new standards and embrace a greener, more efficient future for steel production. The company's products are designed and developed with the view of sustainable growth and preservation of the environment. Entire product range of the company equipment are the least energy consumers while the company manufactured most effective Air pollution Control Equipment. We help customers in increasing plant performance and reducing conversion costs to support the quick and proper selection of feasible improvement measures.

Capital Goods sector contributes to 12% of India's manufacturing output and 1.8% to GDP. Indian Electrical equipment is one of the prime sub sectors and is expected to increase at a robust CAGR of 11.68%. The company has again crossed the mark of highest ever sales in FY 2023-24 and has dispatched large capacity steel melting equipment and transformers. The trend is continuing and we see good capacity addition for induction and DRI based steel melting route in India.

#### B. SPECIAL STEEL DIVISION:

The financial year 2023-24 has registered significant increase in production, sales and profitability in its special steel division as compare to previous financial years. The division's turnaround is contributed to improved Ductile Iron pipe market, operations restructuring

**MANAGEMENT DISCUSSION AND ANALYSIS REPORT**

and inventory management. The steel unit of the company was established in 2005 and since then the journey of efforts continued to provide better products with operational excellence with its versatility and infinite recyclability of internal products to make our processes more environment friendly.

India is the second-largest producer of crude steel in the world. Domestic crude steel production rose 13.2% y-o-y to 144.04 MnT in financial year 2023-24, while finished steel consumption increased 13.6% y-o-y to 136.25 MnT, driven by robust domestic demand as Government continued spend on infra and housing. According to market intelligence firm BigMint, India's steel demand is expected to grow at a compounded annual growth rate of 7% to touch 190 million tonnes by 2030. In the interim budget, the Central Government has raised funds for capital expenditure to Rs. 11.11 lakhs Crores, which is up 17% from the preceding year and 3.4% of GDP and has also proposed two crore houses to be built under government schemes.

PM Gati Shakti initiative focuses on normalizing logistics cost from 14% of GDP to 8-9% in the next few years will also likely to boost steel demand, however margins of domestic steelmakers were under pressure due to volatile commodity and energy costs, and the surge in low-cost imports putting more pressure on steel prices.

The pipes market is primarily driven by various factors such as rise in the number of new residential and commercial buildings, development of water supply pipelines, increase in the number of wastewater treatment facilities, public agriculture irrigation systems, and other infrastructure in developing economies. In addition, rise in the number of industrial facilities including food and beverages, chemical and petrochemicals, pharmaceuticals, and other industrial facilities globally, also positively affects the pipes market growth.

According to a NITI Aayog report India is at 120<sup>th</sup> position amongst 122 countries in the water quality index, while five of the world's 20 largest cities under water stress are in India. India will need investments of Rs. 20 lakh crore to bridge the expected water supply gap by 2030, as per NITI Aayog. The Department of Drinking Water and Sanitation, under the Ministry of Jal Shakti, has been working towards the mission of creating a 'Swachh Sujal' nation.

In the Interim Budget for 2024-25, allocations for the Department of Drinking Water and Sanitation have been increased to Rs. 77,390.68 crore for 2024-25. Of the total allocation, 90% or Rs. 69,926.65 crore is for Jal Jeevan Mission and National Rural Drinking Water Program. This will pump-up sales of DI Pipe in upcoming years. Driven by strong domestic consumer demand, the company is expected to continue its growth trajectory.

**C. ELECTRIC VEHICLE DIVISION:**

India Electric Two-Wheeler Market is forecast to grow at a CAGR of 40.34% during the forecast period between FY2024-FY2031. The electric two-wheeler (E2W) market in India saw a significant surge in registrations during 2024, indicating a robust year-on-year growth in high-speed scooters. According to data sourced from Vahan, this surge reflects the growing traction of electric vehicles in the country, with key players making strides in this evolving sector. In the upcoming years, electric scooters, especially the 40–80 km/h medium-speed models will rule the market. This market is developing at an incredible rate since there is a shift towards eco-friendly commuting. The increasing number of EV scooters throughout the city indicates an encouraging change towards a more environmentally friendly future.

By providing subsidies for the purchase of electric vehicles, the government of India is helping the industry grow at a faster pace. In line with this, these incentives have increased the consumer acceptability of battery-powered scooters and motorbikes. Tax deductions, purchase reimbursements, and financial incentives are some supportive initiatives for EV buyers. As a result, the government is offering subsidies through the FAME II (Faster Adoption and Manufacture of EV's) scheme and separate state EV policies to encourage the adoption of electric vehicles more quickly. On March 31, 2024 the FAME-II subsidy programme ended, giving way to the Rs 500-crore Electric Mobility Promotion Scheme (EMPS) by the ministry of heavy industries. Under EMPS 2024, a support of up to Rs 10,000 per two-wheeler will be provided for over 3 lakh vehicles.

In Electrotherm, the low-speed and high-speed electric two-wheelers to contribute positively in net earnings of the Company. However, our focus shall continue to grow in High-speed models of two wheelers segment with hundreds of thousands happy customers towards Government's mission Electric Vehicles 2025 onwards.

**FINANCIAL LIABILITY STATUS:**

Originally the Company had 19 lenders and ten of them have assigned their debts to Edelweiss Asset Reconstruction Company Limited ("EARC"), Invent Assets Securitisation & Reconstruction Pvt. Ltd. ("Invent") and Rare Asset Reconstruction Limited ("Rare ARC").

As a part of debt resolution with lenders, the Company has One Time Settlement arrangement, wherein entire settlement amount had been paid to ICICI Bank, UCO Bank, Vijaya Bank, Syndicate Bank, International Finance Corporation, Standard Chartered Bank, Union Bank of India (including debt of Corporation Bank) and while the company had ongoing OTS with Central Bank of India. Except pending settlement with Rare ARC (assignee of Indian Overseas Bank), the Company has entered into revised settlement / restructuring with all three ARCs.

In our opinion and to the best of our information and according to the explanations given to us read with the notes to accounts, except for the effects of the matter described in the *Basis for Qualified Opinion* section of our report, the aforesaid standalone financial statements give the information required by the Companies Act, 2013, as amended (the "Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2024 and its Profit and total comprehensive income, its cash flows and changes in equity for the year ended on that date.

**Basis for Qualified Opinion**

*We draw attention to Note No. 38(b) of non-provision of interest on NPA account of bank, on approximate basis of Rs. 116.10 Crore, for the year under consideration and the total amount of such unprovided interest till date is Rs. 784.72 Crore. The exact amounts of the said non-provisions of interest are not determined and accordingly the amount of Net Profit for the year is overstated by Rs. 116.10 crore and the amount of Bank / ARC liability and Total retained earnings / (loss) as on March 31, 2024 is understated by Rs. 784.72 crore. Our audit reports for the previous year ended March 31, 2023 was also qualified in respect of this matter.*

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing (SAs), specified under section 143(10) of the Companies Act, 2013 ("the Act"). Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the standalone financial statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statement.

**Emphasis of Matter**

We draw attention to the following Notes of Statement of standalone audited financial statements of the Company:

- (a) Note No 15(c) in respect of delayed / non-payment of Principal and Interest due to the lenders of the loan and the lenders are yet to confirm the revised repayment schedule.
- (b) Note No 15(f) related to default in complying with the terms and conditions of the settlement entered with the Bank / ARCs and the uncertainty about the amount of final liability of the Company.
- (c) Note No 15(g) and Note No 36 in respect of defaults in repayment of the loan and treatment in the books of account of the assignment / settlement of the debts of various banks and the financial Institutions.
- (d) Note No 32(a)(viii), 37 and 41 in respect of pending enquiries / notices / summons / litigation / recovery / fraud proceedings against the Company and the Directors of the Company.
- (e) Note No 39(b) & (e) in respect of confirmation / reconciliation / regrouping and classification of few accounts of "Trade Receivables", "Trade Payable", "Advance from Customers", "Advances Recoverable in Cash or Kind", and "Advance to suppliers and other parties" and the amount of inventories as the same are taken by the management.

In our opinion in respect of the above *Emphasis of Matter*, we do not provide any modified opinion, as these are not material / quantifiable / relevant for the accounting purpose, for the year under consideration.

## INDEPENDENT AUDITOR'S REPORT

### Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements for the financial year ended March 31, 2024. These matters were addressed in the context of our audit of the standalone financial statements as a whole and in forming our opinion thereon, and we do not provide a separate opinion on these matters. In addition to the matter described in the Basis for Qualified Opinion section, we have determined the matters described below to be the key audit matters to be communicated in our report.

Key Audit Matters (Other than those given in Basis for Qualified Opinion)	Auditor's Response
<p><b>Accounting for Revenue from Contracts with Customers</b></p> <p>The Company's revenue comprises of revenue sale of Induction Furnace, Casting Machines, Transformers, Sponge and Pig Iron, Ferrous and Non-Ferrous Billets / Bars / Ingots, Duct Iron Pipes, Battery Operated Vehicles and Services relating to Steel Melting and Other Capital Equipment. The total revenues for the year amounted to Rs. 4271.50 Crore.</p> <p>Revenue from sale of goods is recognised when control is transferred to the customers. This requires detailed analysis of each contract regarding timing of revenue recognition. Inappropriate assessment could lead to risk of revenue getting recognised before control has been transferred.</p> <p>Accordingly, timing of recognition of revenue is a key audit matter.</p>	<p>In view of the significance of the matter we applied the following audit procedures in this area, among others to obtain sufficient appropriate audit evidence:</p> <ul style="list-style-type: none"> <li>We assessed the appropriateness of the revenue recognition accounting policies by comparing with applicable accounting standards.</li> <li>We performed substantive testing by selecting samples of revenue transactions, recorded during the year by testing the underlying documents on test basis.</li> <li>We performed confirmation procedures on selected customer balances at the balance sheet date.</li> <li>We tested, on a sample basis, specific revenue transactions recorded before and after the financial year end date to determine whether the revenue had been recognised in the appropriate financial period.</li> </ul>

### Information Other than the Standalone Financial Statements and Auditor's Report Thereon

The Company's management and Board of Directors are responsible for the preparation of the other information. The other information comprises the information included in the Board's report, Management Discussion and Analysis, Corporate Governance and Shareholder's Information, but does not include the standalone financial statements and our auditors' report thereon. These reports are expected to be made available to us after the date of this audit report.

Our opinion on the Standalone Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether such other information is materially inconsistent with the standalone financial statements, or our knowledge obtained in the audit or otherwise appears to be materially misstated.

When we read the Company's annual report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance and describe actions applicable under the applicable laws and regulations.

### Responsibilities of Management for the Standalone Financial Statements

The Company's management and Board of Directors are responsible for matter stated in Section 134(5) of the Act, with respect to the preparation and presentation of these standalone financial statements that gives a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management and the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

## INDEPENDENT AUDITOR'S REPORT

### Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:-

- Identify and assess the risks of material misstatement of standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure, and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represents the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the Company to express an opinion on the financial statements.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, make it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work: and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements for the financial year ended March 31, 2024 and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

### Report on Other Legal and Regulatory Requirements

- (A) As required by the Companies (Auditors' Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of Sub-Section (11) of Section 143 of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable for the year under consideration.
- (B) As required by Section 143(3) of the Act and read with the notes to accounts, based on our audit and the explanations given to us by the Company, we broadly report that: -
  - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;

  - ii. There are no long-term contracts including derivative contracts and accordingly no provision is required to be made for any loss from the same;
  - iii. There is no fund which is pending to be transferred to the Investor Education and Protection Fund by the Company.
  - iv.
    - (a) The management has represented that, to the best of its knowledge and belief, as disclosed in the note 42(v), no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
    - (b) The management has represented, that, to the best of its knowledge and belief, as disclosed in the note 42(vi), no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and
    - (c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided in (a) and (b) above, contain any material misstatement.
  - v. The Company has not declared or paid any dividend during the year and has not proposed final dividend for the year.
  - vi. Based on our examination which included test checks, the Company has used an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit we did not come across any instance of audit trail feature being tampered with.

**ANNEXURE A TO THE INDEPENDENT AUDITOR'S REPORT**

**Annexure A to Independent Auditor's Report of even date on the Standalone Financial Statements of Electrotherm (India) Limited for the year ended on March 31, 2024.**

**(Referred to in paragraph A under 'Report on other legal and regulatory requirements' section of our report of even date to the members of Electrotherm (India) Limited)**

In terms of the information and explanation sought by us and given by the Company and the books of account and records examined by us in the normal course of the audit and to the best of our knowledge and belief, we state that:-

- i. (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment and the relevant details of right-of-use assets.  
The Company has maintained proper records showing full particulars of intangible assets.
- (b) The Company has a programme of verification of its majority of Property, Plant and Equipment by which the Property, Plant and Equipment are verified by the Management at periodic interval. In accordance with this programme Property, Plant and Equipment were verified during the year and no material discrepancies were noticed on such verification. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets.
- (c) With respect to immovable properties disclosed in the standalone financial statements (which are included under the Note 3 - 'Property, Plant and Equipment'), according to the information and explanations given to us and based on the examination of the property tax receipts and lease agreement(s) for assets on lease, registered sale deed / transfer deed / conveyance deed provided to us, we report that, the title deeds of such immovable properties are held in the name of the Company as at the balance sheet date.
- (d) The Company has not revalued any of its Property, Plant and Equipment (including right-of-use assets) and intangible assets during the year.
- (e) As informed to us, no proceedings have been initiated during the year or are pending against the Company as at March 31, 2024 for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (As amended in 2016) and rules made thereunder.
- ii. (a) The physical verification of inventory (Other than stocks held with third parties) has been conducted at reasonable intervals by the management. In our opinion and based on information and explanation given to us, the frequency of verification by the management is reasonable and the coverage and procedure for such verification is appropriate. For stocks held with third parties at the year-end, written confirmation has been obtained. No discrepancies of 10% or more in the aggregate for each class of inventory were noticed on such verification.
- (b) The Company has not been sanctioned or availed any new working capital loan during the year and therefore reporting under the said clause 3(ii)(b) of the Order is not applicable to the Company.
- iii. (a) The Company has not provided any guarantee or security to any companies, firm, limited liability partnerships or any other parties covered in the register maintained under section 189 of the Act. During the year the Company has granted loan secured or unsecured to such companies, firm, limited liability partnerships or any other parties and its details are as follows:-
  - (A) Loan provided / Guarantee granted to subsidiaries, joint venture and associates' concern:
    - The Company has not provided any such guarantee.
    - During the year the Company has granted loan to the subsidiary of Rs. Nil. The balance outstanding as on March 31, 2024 of the said loan before provision as doubtful debt, is Rs. 4.18 Crore.
    - During the year the Company has granted loan in the nature of advances to two subsidiaries of Rs. 0.67 Crore. The balance outstanding as on March 31, 2024 of the said advances before provision as doubtful debt, is Rs. 66.65 Crore.
    - During the year the Company has invested in subsidiary and joint venture of Rs Nil. The balance outstanding as on March 31, 2024 of the said investment before impairment, is Rs. 48.63 Crore.
  - (B) Loan provided / Guarantee granted to other parties (other than subsidiaries, joint venture and associates concern):
    - During the year the Company has not granted any loan to the other parties (other than subsidiaries, joint venture and associates). The balance outstanding as on March 31, 2024 of the loan is Rs. 0.15 Crore.
- (b) As explained to us, the terms and conditions of all loan given and advances in the nature of loans; except unsecured advances considered as doubtful by the Company; are not prejudicial to the company's interest.

**ANNEXURE A TO THE INDEPENDENT AUDITOR'S REPORT**

- (c) No schedule of repayment of principal and payment of interest in respect of loan and advances in nature of loan has been stipulated and accordingly we are unable to make specific comment on the regularity of repayment of principal and payment of interest. The aggregate balance of such advances before provision as doubtful debt, as on March 31, 2024 is Rs. 70.98 Crore.
- (d) As no schedule for repayment of principal and payment of interest has been stipulated, we cannot comment whether the amount is overdue for more than ninety days or not. Further major of the loan and advances in nature of loan has been considered as doubtful.
- (e) No loan or advances in the nature of loan granted which has fallen due during the year, has been renewed or extended or fresh loans granted to settle the overdue of existing loans given to the same parties.
- (f) The Company has granted loans or advances in the nature of loans either payable on demand or without specifying any terms or period of repayment and the aggregate amount of such loan before provision as doubtful debt, is Rs 70.98 crore and it is 100% to such loan granted. The aggregate amount of loans granted to promoters; related parties as defined in clause 76 of section 2 of the Companies Act 2013 is Rs 70.98 crore.
- iv. In our opinion and according to the information and explanation given to us, provisions of section 185 and 186 of the Act in respect of loans to directors including entities in which they are interested and in respect of loans given and investments made have been complied with by the Company. The Company has not granted any guarantees & security in terms of section 185 and 186 of the Act.
- v. In our opinion, and according to the information and explanations given to us, during the year under consideration, the Company has not accepted any deposits within the meaning of sections 73 to 76 of the Act and Companies (Acceptance of Deposits) Rules, 2014 (as amended). Accordingly, the reporting under clause 3(v) of the Order are not applicable to the Company.
- vi. Pursuant to the rules made by the Central Government of India, the Company is required to maintain cost records as specified under Section 148(1) of the Act in respect of its products. We have broadly reviewed the same, and are of the opinion that, prima facie, the prescribed accounts and records have been made and maintained. We have not, however, made a detailed examination of the records with a view to determine whether they are accurate and complete or not.
- vii. (a) According to the information and explanations given to us and the records of the Company examined by us, in our opinion, the Company is generally regular in depositing undisputed statutory dues including Provident Fund, Employees' State Insurance, Income Tax, Goods and Service Tax, Sales Tax, Duty of Customs, Cess and other material statutory dues, as applicable, with the appropriate authorities; though there has been a slight delay in a few cases.
- (b) There are no material undisputed amounts payable in respect of above dues which were in arrears as at March 31, 2024, for a period of more than six months from the date they became payable.
- (c) According to the information and explanations given to us and the records of the Company examined by us, following are the details of outstanding dues in respect of Income Tax, Goods and Service Tax, Sales Tax, service tax, duty of customs, duty of excise, value added tax or cess etc which have not been deposited / adjusted / reversed, on account of dispute:-

## ANNEXURE B TO THE INDEPENDENT AUDITOR'S REPORT

Annexure B referred to paragraph B(h) under 'Report on Other Legal Regulatory Requirements of Independent Auditor's report of even date for year ended March 31, 2024.

**Report on the Internal Financial Controls under Clause (i) of Sub - section 3 of Section 143 of the Companies Act, 2013 ("the Act").**

We have audited the internal financial controls over financial reporting of **Electrotherm (India) Limited** ("the Company") as of March 31, 2024 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

### **Management's Responsibility for Internal Financial Controls**

The Company's management and Board of Directors are responsible for establishing and maintaining internal financial Controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

### **Auditors' Responsibility**

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting with reference to these standalone financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing as specified under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting with reference to these standalone financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls over financial reporting with reference to these Standalone financial statements and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting with reference to these standalone financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls over financial reporting with reference to these standalone financial statements.

### **Meaning of Internal Financial Controls Over Financial Reporting with Reference to these Financial Statements**

A company's internal financial control over financial reporting with reference to these standalone financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting with reference to these standalone financial statements includes those policies and procedures that

- (1) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company;
- (2) Provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the company; and
- (3) Provide reasonable assurance regarding prevention or timely detection of un-authorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

### **Inherent Limitations of Internal Financial Controls Over Financial Reporting with Reference to these Standalone Financial Statements**

Because of the inherent limitations of internal financial controls over financial reporting with reference to these standalone financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting with reference to these standalone financial statements to future periods are subject to the risk that the internal financial control over financial reporting with reference to these standalone financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

## ANNEXURE B TO THE INDEPENDENT AUDITOR'S REPORT

### Opinion

In our opinion, the Company has, in all material respects, except otherwise stated or reported to the management, an adequate internal financial controls system over financial reporting with reference to this standalone financial statements and such internal financial controls over financial reporting with reference to these standalone financial statements were operating effectively as at March 31, 2024 based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

The financial statements have been prepared on a historical cost basis, except for certain financial assets and liabilities which have been measured at fair value (refer material accounting policy regarding financial instruments) and derivative financial instruments.

Certain comparative figures appearing in these financial statements have been regrouped and / or reclassified to better reflect the nature of those items.

The financial statements have been presented in Indian Rupee and has been rounded off to the nearest Crore. Amounts less than 0.01 Crore have been presented as “0.00” except where otherwise indicated.

**2.1 SUMMARY OF MATERIAL ACCOUNTING POLICIES:****a. CURRENT VERSUS NON-CURRENT CLASSIFICATION:**

The Company presents assets and liabilities in the standalone Balance Sheet based on current / non-current classification.

An asset is treated as current when it is:

- Expected to be realised or intended to be sold or consumed in the normal operating cycle;
- Held primarily for the purpose of trading;
- Expected to be realised within twelve months after the reporting period; or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in the normal operating cycle;
- It is held primarily for the purpose of trading;
- It is due to be settled within twelve months after the reporting period; or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

The terms of the liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities respectively.

The operating cycle is the time between acquisition of assets for processing and their realisation in cash and cash equivalents. The Company has identified twelve months as its operating cycle.

**b. FOREIGN CURRENCIES:**

The Company’s financial statements are presented in Rupees in Crore, which is also the company’s functional currency. The Company determines the functional currency and items included in the financial statements are measured using that functional currency.

## Notes to Standalone Financial Statements for the year ended March 31, 2024

### Transactions and balances

Transactions in foreign currencies are initially recorded in the Company's functional currency at the exchange rates prevailing on the date the transaction first qualifies for recognition.

Monetary assets and liabilities denominated in foreign currencies are restated in the functional currency at the exchange rates prevailing on the reporting date of financial statements.

Exchange differences arising on settlement of such transactions and on translation of monetary items are recognised in the Statement of Profit and Loss.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates on the dates of the initial transactions.

### c. FAIR VALUE MEASUREMENT:

The Company measures financial instruments, such as, derivatives at fair value at each Balance Sheet date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

The Company's Management determines the policies and procedures for both recurring fair value measurement, such as unquoted financial assets measured at fair value, and for non-recurring fair value measurement.

External valuers are involved for valuation of unquoted financial assets, such as properties and unquoted financial assets, and significant liabilities, such as contingent consideration. Involvement of external valuers is decided upon annually by the Management after discussion with and approval by the Company's Audit Committee. Selection criteria include market knowledge, reputation, independence and whether professional standards are maintained. The Management decides, after discussions with the Company's external valuers, which valuation techniques and inputs to use for each case.

At each reporting date, the Management analyses the movements in the values of assets and liabilities which are required to be remeasured or re-assessed as per the Company's material accounting policies. For this analysis, the Management verifies the major inputs applied in the latest valuation by agreeing the information in the valuation computation to contracts and other relevant documents.

The Management, in conjunction with the Company's external valuers, also compares the change in the fair value of each asset and liability with relevant external sources to determine whether the change is reasonable.

**Notes to Standalone Financial Statements for the year ended March 31, 2024**

For the purpose of fair value disclosures, the company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

This note summarises material accounting policy for fair value. Other fair value related disclosures are given in the relevant notes.

- Disclosures for valuation methods, significant accounting judgements, estimates and assumptions
- Quantitative disclosures of fair value measurement hierarchy
- Financial instruments (including those carried at amortised cost)

**d. REVENUE FROM CONTRACTS WITH CUSTOMERS:**

Revenue from contracts with customers is recognized to the extent that is probable that the economic benefits will flow to the company and revenue can be reliably measurable regardless of when payment is being received. Revenue is measured at transaction value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government.

The company has concluded that it is the principal in all its revenue arrangements, because it typically controls the goods or services before transferring them to the customer.

However, the Goods & Service Tax is not received by company on its own account, rather it is tax collected on value added to the commodity by the seller on behalf of the government. Accordingly, it is excluded from revenue.

The specific recognition criteria described below must also be met before revenue is recognized.

**Sale of Goods:**

Revenue is recognized when a promise in a customer contract (performance obligation) has been satisfied by transferring control over the promised goods to the customer. Control over a promised good refers to the ability to direct the use of, and obtain substantially all of the remaining benefits from, those goods. Control is usually transferred upon shipment, delivery to, upon receipt of goods by the customer, in accordance with the delivery and acceptance terms agreed with the customers. The amount of revenue to be recognised (transaction price) is based on the consideration expected to be received in exchange for goods, excluding amounts collected on behalf of third parties such as Goods and Service Tax or other taxes directly linked to sales. If a contract contains more than one performance obligation, the transaction price is allocated to each performance obligation based on their relative stand-alone selling prices. Revenue from product sales are recorded net of allowances for estimated rebates, cash discounts and estimates of product returns, all of which are established at the time of sale.

**Variable Consideration**

If the consideration in a contract includes a variable amount, the Company estimates the amount of consideration to which it will be entitled in exchange for transferring the goods to the customer. The variable consideration is estimated at contract inception and constrained until it is highly probable that a significant revenue reversal in the amount of cumulative revenue recognised will not occur when the associated uncertainty with the variable consideration is subsequently resolved.

The Company accounts for pro forma credits, refunds of duty of customs or excise, or refunds of sales tax in the year of admission of such claims by the concerned authorities. Benefits in respect of Export Licenses are recognised on application. Export benefits are accounted for as other operating income in the year of export based on eligibility and when there is no uncertainty on receiving the same.

**Dividends:**

Dividend is recognized when the Company's right to receive the payment is established, which is generally when shareholders approve the dividend.

**Interest income and expense:**

Interest Income is recognized on time proportion basis taking into account the amounts outstanding and the rates applicable. Interest income is included under the head "other income" in the Statement of Profit and Loss.

**Contract Balances****Contract assets:**

A contract asset is the right to consideration in exchange for goods or services transferred to the customer. If the Company performs by transferring goods or services to a customer before the customer pays consideration or before payment is due, a contract asset is recognised for the earned consideration that is conditional.

## Notes to Standalone Financial Statements for the year ended March 31, 2024

### Trade receivables:

A receivable represents the Company's right to an amount of consideration that is unconditional (i.e., only the passage of time is required before payment of the consideration is due).

### Contract liabilities (Advance from customers)

A contract liability is the obligation to transfer goods or services to a customer for which the Company has received consideration (or an amount of consideration is due) from the customer. If a customer pays consideration before the Company transfers goods or services to the customer, a contract liability is recognised when the payment is made or the payment is due (whichever is earlier). Contract liabilities (advance from customers) are recognised as revenue when the Company performs under the contract.

### Refund liabilities:

A refund liability is the obligation to refund some or all of the consideration received (or receivable) from the customer and is measured at the amount the Company ultimately expects it will have to return to the customer. The Company updates its estimates of refund liabilities (and the corresponding change in the transaction price) at the end of each reporting period.

### e. PROPERTY, PLANT AND EQUIPMENT (PPE):

Property Plant and Equipment and Capital work in progress are stated at cost, net of accumulated depreciation and accumulated impairment losses, if any. The cost comprises purchase price and borrowing costs if capitalization criteria are met, the cost of replacing part of the fixed assets and directly attributable cost of bringing the asset to its working condition for the intended use. Each part of an item of property, plant and equipment with a cost that is significant in relation to the total cost of the item is depreciated separately. This applies mainly to components for machinery. When significant parts of fixed assets are required to be replaced at intervals, the Company recognizes such parts as individual assets with specific useful lives and depreciates them accordingly. Likewise, when a major overhauling is performed, its cost is recognized in the carrying amount of the PPE as a replacement if the recognition criteria are satisfied. Any trade discounts and rebates are deducted in arriving at the purchase price.

Subsequent expenditure related to an item of PPE is added to its book value only if it increases the future benefits from the existing asset beyond its previously assessed standard of performance. All other expenses on existing PPE, including day-to-day repair and maintenance expenditure and cost of parts replaced, are charged to the Standalone Statement of Profit and Loss for the period during which such expenses are incurred.

CWIP comprises of cost of PPE that are yet not installed and not ready for their intended use at the Balance Sheet date.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if applicable.

The Company calculates depreciation on items of property, plant and equipment on a straight-line basis using the rates arrived at based on the useful lives defined under Schedule II of the Companies Act, 2013, except in respect of following fixed assets:

- Long Term Lease hold land is amortised over a period of 99 years, being the lease term.
- Power Plant are depreciated at annual rate of 5% and same is to bring the depreciation rates in line with the useful life of assets as estimated by the Technical Team of the Company.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the Statement of Profit and Loss when the asset is derecognised.

### f. INTANGIBLE ASSETS:

Intangible Assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost, less any accumulated amortisation and accumulated impairment losses, if any.

Intangible assets in the form of software are amortised over a period of six years and trademarks over a period of five years as per their respective useful life based on a straight-line method. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortisation period or method, as appropriate, and are treated as changes in accounting estimates. The amortisation expense on intangible assets with finite lives is recognised in the Statement of Profit and Loss.

Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the Standalone Statement of profit or loss when the asset is derecognised.

## Notes to Standalone Financial Statements for the year ended March 31, 2024

**g. IMPAIRMENT OF NON-FINANCIAL ASSETS:**

The Company assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) fair value less costs of disposal and its value in use. The recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or group of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used.

The Company bases its impairment calculation on detailed budgets and forecast calculations, which are prepared separately for each of the Company's CGUs to which the individual assets are allocated. These budgets and forecast calculations generally cover a period of five years. For longer periods, a long-term growth rate is calculated and applied to project future cash flows after the fifth year. To estimate cash flow projections beyond periods covered by the most recent budgets / forecasts, the Company extrapolates cash flow projections in the budget using a steady or declining growth rate for subsequent years, unless an increasing rate can be justified. In any case, this growth rate does not exceed the long-term average growth rate for the products, industries, or country or countries in which the entity operates, or for the market in which the asset is used.

**h. BORROWING COSTS:**

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds.

**i. LEASES:**

The determination of whether an arrangement is (or contains) a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is, or contains, a lease if fulfilment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset or assets, even if that right is not explicitly specified in an arrangement.

**Company as a lessee:****i Right of use assets**

The company recognizes right-of-use assets at the commencement date of the lease (i.e the date the underlying asset is available for use), Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Right-of-use assets are depreciated on a straight-line basis over the shorter of the lease term and the estimated useful lives of the assets, as follows:

Assets	Estimated Useful Life
Right-of-use of office premises and Leasehold land	Over the balance period of lease agreement

If ownership of the leased asset transfers to the Company at the end of the lease term or the cost reflects the exercise of a purchase option, depreciation is calculated using the estimated useful life of the asset. The right-of-use assets are also subject to impairment. Refer to the material accounting policies in relating to Impairment of non-financial assets.

**ii. Lease Liabilities**

At the commencement date of the lease, the Company recognises lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Company and payments of penalties for terminating the lease, if the lease term reflects the Company exercising the option to terminate. Variable lease payments that do not depend on an index or a rate are recognised as expenses (unless they are incurred to produce inventories) in the period in which the event or condition that triggers the payment occurs.

## Notes to Standalone Financial Statements for the year ended March 31, 2024

In calculating the present value of lease payments, the Company uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments (e.g., changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset.

### iii. Short-term leases and leases of low-value assets

The Company applies the short-term lease recognition exemption to its short-term leases of machinery and equipment and offices (i.e., those leases that have a lease term of 12 months or less from the commencement date). It also applies the lease of low-value assets recognition exemption to leases of office equipment that is considered to be low value amounting to Rs. 0.02 crore. Lease payments on short-term leases and leases of low-value assets are recognised as expense on a straight-line basis over the lease term.

## j. FINANCIAL INSTRUMENTS:

A Financial instrument is any contract that gives rise to a financial asset of one entity and financial liability or equity instrument of another entity.

### Financial assets

#### Initial recognition and measurement

All financial assets are recognised initially at fair value plus in the case of financial assets not recorded at fair value through Statement of Profit and Loss, transaction costs that are attributable to the acquisition of the financial asset.

The classification of financial assets at initial recognition depends on the financial asset's contractual cash flow characteristics and the Company's business model for managing them. With the exception of trade receivables that do not contain a significant financing component or which the Company has applied the practical expedient, are measured at the transaction price determined under Ind AS 115. Refer to the material accounting policies in section 2.1(d) Revenue from contracts with customers

#### Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in three categories:

- Financial assets instruments (debt instruments) - measured at amortised cost
- Financial asset at fair value through profit or loss (FVTPL) (Derivatives and Equity Instruments)
- Financial asset - measured at fair value through other comprehensive income (FVTOCI)

#### Financial asset at amortised cost (debt instruments)

A 'financial assets' is measured at the amortised cost if both the following conditions are met:

- a) The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- b) Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

This category is the most relevant to the Company. After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance income in the Standalone Statement of Profit and Loss. The losses arising from impairment are recognised in the Standalone Statement of Profit and Loss. This category generally applies to trade, loans and other receivables.

#### Financial Assets at FVTOCI

Financial assets that meet the following conditions are measured initially as well as at the end of each reporting date at fair value, recognised in other comprehensive income (OCI).

- a) The objective of the business model is achieved both by collecting contractual cash flows and selling the financial assets, and
- b) The contractual terms of the asset that give rise on specified dates to cash flows that represent solely payment of principal and interest.

**Notes to Standalone Financial Statements for the year ended March 31, 2024****Financial Assets at FVTPL**

Financial assets are carried in the balance sheet at fair value and net changes in fair value is recognised in the statement of profit and loss.

This category includes derivative instruments and investments in equity instruments which the Company had not irrevocably elected to classify at fair value through OCI. Dividends on such investments are recognised in the statement of profit and loss when the right of payment has been established.

Financial Assets included within the FVTPL category are measured at fair value with all changes recognized in the statement of Profit and Loss.

**Equity investments**

Investments in subsidiaries are measured at cost as per Ind AS 27 - Separate Financial Statements All equity investments in scope of Ind AS 109 are measured at fair value. For all other equity instruments, the Company may make an irrevocable election to present in other comprehensive income subsequent changes in the fair value. The Company makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable.

If the Company decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the other comprehensive income (OCI). There is no recycling of the amounts from OCI to Standalone Statement of Profit and Loss, even on sale of investment. However, the Company may transfer the cumulative gain or loss within equity.

Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the Statement of Profit and Loss.

**Derecognition**

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised (i.e. removed from the Company's Balance Sheet) when:

- The rights to receive cash flows from the asset have expired, or
- The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the Company has transferred substantially all the risks and rewards of the asset, or (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Company has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Company continues to recognise the transferred asset to the extent of the Company's continuing involvement. In that case, the Company also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Company could be required to repay.

**Impairment of financial assets**

The Company recognises an allowance for expected credit losses (ECLs) for all debt instruments not held at fair value through profit or loss. ECLs are based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Company expects to receive, discounted at an approximation of the original effective interest rate. The expected cash flows will include cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

ECLs are recognised in two stages. For credit exposures for which there has not been a significant increase in credit risk since initial recognition, ECLs are provided for credit losses that result from default events that are possible within the next 12-months (a 12-month ECL). For those credit exposures for which there has been a significant increase in credit risk since initial recognition, a loss allowance is required for credit losses expected over the remaining life of the exposure, irrespective of the timing of the default (a lifetime ECL).

For trade receivables and contract assets, the Company follows 'simplified approach' for recognition of impairment loss allowance on trade receivables.

Under the simplified approach the Company does not track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition. Lifetime ECL are the expected credit losses resulting from all possible default over the expected life of a financial instrument.

## Notes to Standalone Financial Statements for the year ended March 31, 2024

The Company considers a financial asset in default when contractual payments are overdue. However, in certain cases, the Company may also consider a financial asset to be in default when internal or external information indicates that the Company is unlikely to receive the outstanding contractual amounts in full before taking into account any credit enhancements held by the Company. A financial asset is written off when there is no reasonable expectation of recovering the contractual cash flows.

ECL impairment loss allowance (or reversal) recognized during the period is recognized as income / expense in the Statement of Profit and Loss. This amount is reflected under the head 'other expenses' in the Statement of Profit and Loss.

The Balance Sheet presentation for various financial instruments is described below:

### **Financial assets measured at amortised cost:**

ECL is presented as an allowance, i.e., as an integral part of the measurement of those assets in the Balance Sheet. The allowance reduces the net carrying amount. Until the asset meets write-off criteria, the Company does not reduce impairment allowance from the gross carrying amount.

### **Financial liabilities & Equity Instruments**

#### **Classification as debt or equity**

Financial liabilities and equity instruments are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument.

#### **Equity instruments**

An equity instrument is any contract that evidences a residual interest in the assets of the Company after deducting all of its liabilities. Equity instruments are recorded at the proceeds received, net of direct issue costs.

#### **Initial recognition and measurement**

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through Statement of Profit and Loss, loans and borrowings, payables, or as derivatives designated as hedging instruments in an effective hedge, as appropriate.

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The Company's financial liabilities include trade and other payables, loans and borrowings including cash credit facilities from banks and derivative financial instruments.

#### **Subsequent measurement**

For purposes of subsequent measurement, financial liabilities are classified in two categories:

- Financial liabilities at fair value through profit or loss
- Financial liabilities at amortised cost (loans and borrowings)

#### **Financial liabilities at fair value through Profit or Loss.**

Financial liabilities at fair value through Profit or Loss include financial liabilities held for trading and financial liabilities designated upon initial recognition at fair value through Profit or Loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. This category also includes derivative financial instruments entered into by the Company that are not designated as hedging instruments in hedge relationships as defined by Ind AS 109.

Gains or losses on liabilities held for trading are recognised in the Statement of Profit and Loss.

Financial liabilities designated upon initial recognition at fair value through Statement of Profit and Loss are designated as such at the initial date of recognition and only if the criteria in Ind AS 109 are satisfied. For liabilities designated as FVTPL, fair value gains / losses attributable to changes in own credit risks are recognized in OCI. These gains / losses are not subsequently transferred to Profit and Loss. However, the Company may transfer the cumulative gain or loss within equity. All other changes in fair value of such liability are recognised in the Statement of Profit and Loss. The Company has not designated any financial liability at FVTPL.

#### **Loans and borrowings**

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in Standalone Statement of profit and loss when the liabilities are derecognised as well as through the EIR amortisation process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the Statement of Profit and Loss. This category generally applies to borrowings.

**Notes to Standalone Financial Statements for the year ended March 31, 2024****Financial guarantee contracts**

Financial guarantee contracts issued by the Company are those contracts that require a payment to be made to reimburse the holder for a loss it incurs because the specified debtor fails to make a payment when due in accordance with the terms of a debt instrument. Financial guarantee contracts are recognised initially as a liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee. Subsequently, the liability is measured at the higher of the amount of loss allowance determined as per impairment requirements of Ind AS 109 and the amount recognised less cumulative amortisation

**Derecognition**

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the Statement of Profit and Loss.

**Reclassification of financial assets**

The Company determines classification of financial assets and liabilities on initial recognition. After initial recognition, no reclassification is made for financial assets which are equity instruments and financial liabilities. For financial assets which are debt instruments, a reclassification is made only if there is a change in the business model for managing those assets. Changes to the business model are expected to be infrequent. The Company's senior management determines change in the business model as a result of external or internal changes which are significant to the Company's operations. Such changes are evident to external parties. A change in the business model occurs when the Company either begins or ceases to perform an activity that is significant to its operations. If the Company reclassifies financial assets, it applies the reclassification prospectively from the reclassification date which is the first day of the immediately next reporting period following the change in business model. The Company does not restate any previously recognised gains, losses (including impairment gains or losses) or interest.

**Offsetting of financial instruments**

Financial assets and financial liabilities are offset and the net amount is reported in the Balance Sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

**k. INVENTORIES:**

Inventories are valued at the lower of cost and net realisable value after providing for obsolescence and other losses, wherever considered necessary. However, materials and other items held for use in the production of inventories are not written down below cost if the finished products in which they will be incorporated are expected to be sold at or above cost. Scrap is valued at net realisable value. Cost is determined on a Weighted Average method.

Cost includes direct materials and labour and a proportion of manufacturing overheads based on normal operating capacity, incurred in bringing them in their respective present location and condition.

Net realizable value is the estimated selling price in the ordinary course of business less estimated cost of completion and the estimated costs necessary to make the sale.

**l. RETIREMENT AND OTHER EMPLOYEE BENEFITS:**

Retirement benefits in the form of provident fund are defined contribution plans. The Company has no obligation, other than the contributions payable to provident fund. The Company recognises contribution payable to these funds as an expense, when an employee renders the related service.

For the defined benefit plans, the cost of providing benefits is determined using the Projected Unit Credit Method, with actuarial valuations being carried out at each balance sheet date. Re-measurements, comprising of actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognised immediately in the Balance Sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Re-measurements are not reclassified to Statement of profit and loss in subsequent periods.

Net interest is calculated by applying the discount rate to the net defined benefit liability or asset. The Company recognises the following changes in the net defined benefit obligation as an expense in the Statement of Profit and Loss:

- Service costs comprising current service costs; and
- Net interest expense or income

## Notes to Standalone Financial Statements for the year ended March 31, 2024

The liability in respect of unused leave entitlement of the employees as at the reporting date is determined on the basis of an independent actuarial valuation carried out and the liability is recognized in the Statement of Profit and Loss. Actuarial gain and loss are recognised in full in the period in which they occur in the Statement of Profit and Loss.

### m. TAXES:

Tax Expenses comprises of current income tax and deferred tax

#### Current income tax:

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Current income tax relating to items recognised outside the Statement of Profit and Loss is recognised outside the Statement of Profit and Loss (either in other comprehensive income or in equity). Current tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

#### Deferred Tax:

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax liabilities are recognised for all taxable temporary differences, except:

- When the deferred tax liability arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable Profit or Loss.
- In respect of taxable temporary differences associated with investments in subsidiaries, when the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future.

Deferred tax assets are recognized for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognized to the extent that it is probable that taxable profit will be available against which the deductible temporary differences and the carry forward of unused tax credits and unused tax losses can be utilised, except:

- When the deferred tax asset arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss.
- In respect of deductible temporary differences associated with investments in subsidiaries, deferred tax assets are recognised only to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary differences can be utilised

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognised outside the Statement of Profit and Loss is recognised outside the Statement of Profit and Loss (either in other comprehensive income or in equity). Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

### n. PROVISIONS:

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. When the Company expects some or all of a provision to be reimbursed, the reimbursement is recognised as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the Statement of Profit and Loss net of any reimbursement.

### o. EARNINGS PER SHARE:

Basic earnings per share are calculated by dividing the net profit for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period.

**Notes to Standalone Financial Statements for the year ended March 31, 2024**

For the purpose of calculating diluted earnings per share, the net profit for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares, if any.

**p. CASH AND CASH EQUIVALENT:**

Cash and cash equivalents in the Balance Sheet comprise cash at banks and in hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of charges in value.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts as they are considered an integral part of the Company's cash management.

**q. CASH DIVIDEND:**

The Company recognises a liability to make cash or non-cash distributions to equity holders of the Company when the distribution is authorised and the distribution is no longer at the discretion of the Company. As per the Companies Act, 2013, a distribution is authorised when it is approved by the shareholders. A corresponding amount is recognised directly in equity.

**r. CONTINGENT LIABILITIES:**

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The company does not recognize a contingent liability but discloses its existence in the financial statements.

**2.2 SIGNIFICANT ACCOUNTING ESTIMATES AND ASSUMPTIONS:**

The preparation of the Company's financial statements requires management to make judgements, estimates customer will be entitled. The Company determined that the expected value method is the appropriate method to use in estimating the variable consideration for revenue from contract with customer. The selected method that better predicts the amount of variable consideration was primarily driven by the number of volume thresholds contained in the contract with the customer. Before adjusting any amount of variable consideration in the transaction price, the Company considers whether the amount of variable consideration is constrained. The Company determined that the estimates of variable consideration are not constrained based on its historical experience, business forecast and the current economic conditions.

**Judgements**

In the process of applying the Company's material accounting policies, management has made the following judgement, which have the most significant effect on the amounts recognised in the financial statements.

**Determining the lease term of contracts with renewal and termination options – Company as lessee.**

The Company determines the lease term as the noncancellable term of the lease, together with any periods covered by an option to extend the lease if it is reasonably certain to be exercised, or any periods covered by an option to terminate the lease, if it is reasonably certain not to be exercised. The Company has several lease contracts that include extension and termination options. The Company applies judgement in evaluating whether it is reasonably certain whether or not to exercise the option to renew or terminate the lease. That is, it considers all relevant factors that create an economic incentive for it to exercise either the renewal or termination. After the commencement date, the Company reassesses the lease term if there is a significant event or change in circumstances that is within its control and affects its ability to exercise or not to exercise the option to renew or to terminate (e.g., construction of significant leasehold improvements or significant customisation to the leased asset).

**Estimates and assumptions**

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Company based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

## Notes to Standalone Financial Statements for the year ended March 31, 2024

### Defined benefit plans (gratuity benefits)

The cost of the defined benefit gratuity plan and the present value of the gratuity obligation are determined using actuarial valuation. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

The parameter most subject to change is the discount rate. In determining the appropriate discount rate for plans operated in India, the management considers the interest rates of government bonds in currencies consistent with the currencies of the post-employment benefit obligation.

The mortality rate is based on publicly available mortality tables for India. Those mortality tables tend to change only at interval in response to demographic changes. Future salary increases and gratuity increases are based on expected future inflation rates for India.

Further details about gratuity obligations are given in Note 33.

### Useful Life of Property, Plant & Equipment and Intangible assets

Property, Plant and Equipment and Intangible Assets are depreciated / amortised over their estimated useful life, after taking into account estimated residual value. Management reviews the estimated useful life and residual values of the assets annually in order to determine the amount of depreciation / amortisation to be recorded during any reporting period. The useful life and residual values are based on the Company's historical experience with similar assets and take into account anticipated technological changes. The depreciation / amortisation for future periods is revised if there are significant changes from previous estimates.

- 2.3** The Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. For the year ended March 31, 2024, MCA has not notified any new standards or amendments to the existing standards applicable to the Company.

**iii) Sensitivity analysis**

The sensitivity of defined obligation to changes in the weighted principal assumptions is: (Rs In Crore)

Assumption	Impact on defined benefit obligation	
	March 31, 2024	March 31, 2023
<b>Discount rate</b>		
1.0% increase	(2.08)	(1.82)
1.0% decrease	2.42	2.12
<b>Future salary increase</b>		
1.0% increase	2.18	1.99
1.0% decrease	(2.02)	(1.78)
<b>Rate of Employee Turnover</b>		
1.0% increase	0.22	0.25
1.0% decrease	(0.25)	(0.28)

- The sensitivity analysis have been determined based on reasonably possible changes of the respective assumptions occurring at the end of the reporting period, while holding all other assumptions constant.
- The sensitivity analysis presented above may not be representative of the actual change in the defined benefit obligation as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumptions may be correlated.
- Furthermore, in presenting the above sensitivity analysis, the present value of the defined benefit obligation has been calculated using the projected unit credit method at the end of the reporting period, which is the same method as applied in calculating the defined benefit obligation as recognised in the balance sheet.
- There was no change in the methods and assumptions used in preparing the sensitivity analysis from prior year.

## 33.2 Risks associated with defined benefit plan

Gratuity is a defined benefit plan and company is exposed to the Following Risks:

**Interest rate risk:** A fall in the discount rate which is linked to the G.Sec. Rate will increase the present value of the liability requiring higher provision. A fall in the discount rate generally increases the mark to market value of the assets depending on the duration of assets.

**Salary Risk:** The present value of the defined benefit plan liability is calculated by reference to the future salaries of members. As such, an increase in the salary of the members more than assumed level will increase the plan's liability.

**Investment Risk:** The present value of the defined benefit plan liability is calculated using a discount rate which is determined by reference to market yields at the end of the reporting period on government bonds. If the return on plan asset is below this rate, it will create a plan deficit. Currently, for the plan in India, it has a relatively balanced mix of investments in government securities, and other debt instruments.

**Asset Liability Matching Risk:** The plan faces the ALM risk as to the matching cash flow. Since the plan is invested in lines of Rule 101 of Income Tax Rules, 1962, this generally reduces ALM risk.

**Mortality Risk:** Since the benefits under the plan is not payable for life time and payable till retirement age only, plan does not have any longevity risk.

**Concentration Risk:** Plan is having a concentration risk as all the assets are invested with the insurance company and a default will wipe out all the assets. Although probability of this is very less as insurance companies have to follow regulatory guidelines.

## 44.2 Category-wise Classification of Financial Instruments

## i) Fair value hierarchy

This section explains the judgments and estimates made in determining the fair values of the financial instruments that are (a) recognized and measured at fair value and (b) measured at amortized cost and for which fair values are disclosed in the financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the Company has classified its financial instruments into three levels prescribed under the accounting standard. An explanation of each level follows underneath the table.

Financial assets and liabilities measured at fair value - recurring fair value measurements: (Rs In Crore)

Particulars	Notes	Level 1	Level 2	Level 3	Total
<b>Investments in quoted mutual fund</b>					
As at March 31, 2024	5	0.72	-	-	0.72
As at March 31, 2023	5	0.52	-	-	0.52

Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices.

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximize the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in Level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in Level 3.

## ii) Valuation technique used to determine fair value

Financial instruments are initially recognized and subsequently re-measured at fair value as described below :

- The fair value of investment in quoted Mutual Funds is measured at quoted price or NAV.

## iii) Valuation process

The Company obtains valuation results from external / internal valuers for level 2 measurements. Inputs to level 2 measurements are verified by the Company's treasury department.

## iv) Fair value of financial assets and liabilities measured at amortized cost

The management assessed that cash and cash equivalents, Bank Balance other than cash and cash equivalents, trade receivables, trade payables, investments in unquoted equity of joint venture / subsidiary company and government securities, other financial assets, short term borrowings, non current borrowings and other current financial liabilities approximate their carrying amounts.

### 45 Financial Instrument Risk, Management, Objectives & Policies

#### 45.1 Financial risk management

The management of the Company has implemented a risk management system that is monitored by the Board of Directors. The general conditions for compliance with the requirements for proper and future-oriented risk management within the Company are set out in the risk management principles. These principles aim at encouraging all members of staff to responsibly deal with risks as well as supporting a sustained process to improve risk awareness. The guidelines on risk management specify risk management processes, compulsory limitations, and the application of financial instruments. The risk management system aims at identifying, analyzing, managing, controlling and communicating risks promptly throughout the Company. Risk management reporting is a continuous process and part of regular company reporting.

The Company is exposed to credit, liquidity and market risks (interest rate risk, foreign currency risk and other price risk) during the course of ordinary activities. The aim of risk management is to limit the risks arising from operating activities and associated financing requirements.

#### 45.2 Credit risk

The Company is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including deposits with banks. The balances with banks and security deposits are subject to low credit risk since the counterparty has strong capacity to meet the obligations and where the risk of default is negligible or nil.

##### Trade receivables, Loans and Advances to Suppliers & Others

Credit risk arises from the possibility that customer / borrowers will not be able to settle their obligations as and when agreed. To manage this, the Company periodically assesses the financial reliability of customers and the borrowers, taking into account the financial condition, current economic trends, analysis of historical bad debts, ageing of accounts receivable and forward looking information.

The provision on trade receivables for expected credit loss is recognized on the basis of life-time expected credit losses (simplified approach). Trade receivables are evaluated separately for balances towards progress billings and retention money due from customers. An expected loss rate is calculated at each year-end, based on combination of rate of default and rate of delay. The Company considers the rate of default and delay upon initial recognition of asset, based on the past experience and forward-looking information, wherever available. The provision on loans for expected credit loss is recognized on the basis of 12-month expected credit losses and assessed for significant increase in the credit risk.

##### Concentrations of Credit Risk form part of Credit Risk

During the year ended March 31, 2024, the company has made sale of Rs 901.96 Crore (or 21.12% of Revenue from operation) to two Customer which exceeds 10% of its Revenue from Operation and during the year ended March 31, 2023, the company did not have sales to a single customer exceeding 10% of the Revenue from operation. Accounts receivable from such customer approximated Rs Nil as at March 31, 2024 and Rs Nil as at March 31, 2023. A loss of this customer could adversely affect the operating results or cash flows of the Company.

## 45.3 Liquidity risk

Liquidity risk is the risk that the Company will face in meeting its obligations associated with its financial liabilities. The Company's approach in managing liquidity is to ensure that it will have sufficient funds to meet its liabilities when due without incurring unacceptable losses. In doing this, management considers both normal and stressed conditions.

Cash flow from operating activities provides the funds to service the financial liabilities on a day-to-day basis. Liquidity crises has led to default in repayment of principal and interest to lenders however the Company regularly monitors the rolling forecasts to ensure it has sufficient cash on an on-going basis to meet operational needs. Any short term surplus cash generated, over and above the amount required for working capital management and other operational requirements, is retained as cash and cash equivalents (to the extent required) and any excess is used for the repayment of loan, invested in interest bearing term deposits and mutual funds with appropriate maturities to optimize the cash returns on investments while ensuring sufficient liquidity to meet its liabilities.

The following table shows the maturity analysis of the Company's financial liabilities based on contractually agreed undiscounted cash flows along with its carrying value as at the Balance Sheet date.

## Maturities of financial liabilities

The table below analyze the Company's financial liabilities into relevant maturity groupings based on their contractual maturities:

## 45.4 Market risk

Market risk is the risk that the fair value of the future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, foreign currency risk and other price risk. Financial instruments affected by market risk includes borrowings, deposits, investments, trade and other receivables, trade and other payables and derivative financial instruments.

The potential economic impact, due to these assumptions, is based on the occurrence of adverse / inverse market conditions and reflects estimated changes resulting from the sensitivity analysis. Actual results that are included in the Statement of Profit and Loss may differ materially from these estimates due to actual developments in the global financial markets. The company is mainly exposed to interest rate risk and foreign currency risk.

**Notes to Standalone Financial Statements for the year ended March 31, 2024**
**i) Interest Rate Risk:**

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in the market rates. Since the borrowing of the company are classified as non performing assets or are transferred to assets reconstruction company or the settlement agreement have been executed and few lenders are charging interest at fix rate of interest, therefore the exposure to risk of changes in market interest rates is minimal. However the Company is liable for the payment of interest to Union Bank of India and Central Bank of India @ 1 Year MCLR on the Outstanding amount & it's sensitivity analysis is as under:-

(Rs In Crore)

In Our opinion in respect of the above *Emphasis of Matter*, we do not provide any modified opinion, as these are not material or relevant for the accounting purpose, for the year under consideration.

### Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements for the financial year ended March 31, 2024. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. In addition to the matter described in the Basis for Qualified Opinion section, we have determined the matters described below to be the key audit matters to be communicated in our report.

Key Audit Matters (Other than those given in Basis for Qualified Opinion)	Auditor's Response
<p><b>Accounting for Revenue from Contracts with Customers.</b></p> <p>The group's revenue comprises of revenue from sale of Induction Furnace, Casting Machines, Transformers, Sponge and Pig Iron, Ferrous and Non-Ferrous Billets / Bars / Ingots, Duct Iron Pipes, Transmission Line Towers, Battery Operated Vehicles and Services relating to Steel Melting and Other Capital Equipment. The total revenues for the year amounted to Rs. 4271.50 Crore.</p> <p>Revenue from sale of goods is recognized when control is transferred to the customers. This requires detailed analysis of each contract regarding timing of revenue recognition. Inappropriate assessment could lead to risk of revenue getting recognized before control has been transferred.</p> <p>Accordingly, timing of recognition of revenue is a key audit matter.</p>	<p>In view of the significance of the matter we applied the following audit procedures in this area, among others to obtain sufficient appropriate audit evidence:</p> <ul style="list-style-type: none"> <li>• We assessed the appropriateness of the revenue recognition accounting policies by comparing with applicable accounting standards.</li> <li>• We performed substantive testing by selecting samples of revenue transactions, recorded during the year by testing the underlying documents on test basis.</li> <li>• We performed confirmation procedures on selected customer balances at the balance sheet date.</li> <li>• We tested, on a sample basis, specific revenue transactions recorded before and after the financial year end date to determine whether the revenue had been recognized in the appropriate financial period.</li> </ul>

### Information Other than the Financial Statements and Auditor's Report Thereon (Other Information)

The Holding Company's management and Board of Directors are responsible for the preparation of the other information. The other information comprises the information included in the Holding Company's annual report, but does not include the financial statements and our auditors' report thereon. The Holding Company's annual report is expected to be made available to us after the date of this auditor's report.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance or conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. When we read the Holding Company's annual report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance and describe actions applicable under the applicable laws and regulations.

**INDEPENDENT AUDITOR'S REPORT ON THE CONSOLIDATED FINANCIAL STATEMENTS****Responsibilities of Management for the consolidated financial statements**

The Holding Company's management and Board of Directors are responsible for matter stated in Section 134(5) of the Act, with respect to the preparation and presentation of these consolidated financial statements that gives a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the group in accordance with the Ind AS and other accounting principles generally accepted in India. The respective Management and Board of Directors of the companies included in the Group and joint venture are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of Group and its joint venture and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal Financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Management and Board of Directors of the Holding Company, as aforesaid..

In preparing the consolidated financial statements, the respective management and Board of Directors of the companies included in the Group are responsible for assessing the ability of the Group and its joint venture to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the company or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group and the respective Management, and its Joint venture are also responsible for overseeing the financial reporting process.

**Auditor's Responsibilities for the Audit of the consolidated financial statements**

Our objectives are to obtain reasonable assurance about whether the Consolidated Financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also :-

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Holding Company has adequate internal Financial controls system with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management and Board of Directors.
- Conclude on the appropriateness of the Management and Board of Directors use of the going concern basis of accounting in preparation of consolidated financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group and its joint venture to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group and its joint venture to cease to continue as a going concern. .
- Evaluate the overall presentation, structure, and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial statements / information of such entities or business activities within the Group and its joint venture of which we are the independent auditors and whose financial information we have audited, to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the consolidated financial statements / financial information of such entities included in the consolidated financial statements of which we are the independent auditors. For the other entity included in the consolidated financial statements, which have been

## INDEPENDENT AUDITOR'S REPORT ON THE CONSOLIDATED FINANCIAL STATEMENTS

audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

We communicate with those charged with governance of the Holding Company regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements for the financial year ended March 31, 2024 and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

### Other Matter

1. We did not audit the financial statements / financial information, in respect of Four subsidiaries, whose financial statements / financial information reflects total assets (before consolidation adjustments) of Rs. 42.73 crore as at March 31, 2024, total revenues (before consolidation adjustments) of Rs 0.00 crore, Group's share of total net loss after tax (before consolidation adjustments) of Rs 2.10 crore, Group's share of total comprehensive loss (before consolidation adjustments) of Rs 0.94 crore and Group's share of net cash outflows (before consolidation adjustments) of Rs. 0.62 crore for the year ended March 31, 2024, as considered in the Statement. The consolidated financial statements also include the Group's share of net profit after tax (before consolidation adjustments) of Rs 0.03 crore for the year ended March 31, 2024, as considered in the consolidated financial statements of one joint venture. These financial statements and other financial information have been audited by other auditors, which financial statements, other financial information and auditor's reports have been furnished to us by the management. Our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries and joint venture and our report in terms of subsections (3) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiaries and joint venture, is based solely on the report(s) of such other auditors.
2. The accompanying consolidated financial statements include two subsidiaries which are located outside India whose financial statements / financial information have been prepared in accordance with accounting principles generally accepted in their respective countries and are unaudited and whose financial statements include Group's share of total assets (before consolidation adjustments) of Rs 4.00 Crores as at March 31, 2024, Group's share of total revenues (before consolidation adjustments) of Rs 0.00, Group's share of total net loss after tax (before consolidation adjustments) of Rs 0.02 crore, Group's share of total comprehensive loss (before consolidation adjustments) of Rs 0.02 crore and Group's share of net cash outflow (before consolidation adjustments) of Rs. 0.02 crore for the year ended March 31, 2024, as considered in the Statement. These unaudited financial statements and other unaudited financial information have been furnished to us by the management. Our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries, and our report in terms of subsection (3) of Section 143 of the Act in so far as it relates to the aforesaid subsidiaries, is based solely on such unaudited financial statements and other unaudited financial information. In our opinion and according to the information and explanations given to us by the Management, these financial statements and other financial information are not material to the Group.

Our opinion above on the consolidated financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters, with respect to our reliance on the work done and the reports of the other auditors and the financial statements and other financial information certified by the Management.

### Report on Other Legal and Regulatory Requirements

## **ANNEXURE B TO THE CONSOLIDATED AUDITOR'S REPORT**

### **Annexure B to the Independent Auditor's Report of even date on the Consolidated Financial Statements of Electrotherm (India) Limited REPORT ON THE INTERNAL FINANCIAL CONTROLS UNDER CLAUSE (i) OF SUB-SECTION 3 OF SECTION 143 OF THE COMPANIES ACT, 2013 ("the Act")**

In conjunction with our audit of the consolidated financial statements of the Electrotherm (India) Limited as of and for the year ended March 31, 2024, we have audited the internal financial controls with reference to consolidated financial statements of Electrotherm (India) Limited (hereinafter referred to as "the Holding Company") and such companies incorporated in India under the Companies Act, 2013 which are its subsidiary companies and its joint venture company, as of that date.

#### **Management's Responsibility for Internal Financial Controls**

The respective Company's management and the Board of Directors are responsible for establishing and maintaining internal financial controls with reference to consolidated financial statements based on the criteria established by the respective company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013 (hereinafter referred to as "the Act").

#### **Auditors' Responsibility**

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Holding Company based on our audit. We conducted our audit in accordance with the Guidance Note issued by the ICAI and the SAs prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those SAs and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to consolidated financial statements and their operating effectiveness. Our audit of internal financial controls with reference to consolidated financial statements included obtaining an understanding of internal financial controls with reference to consolidated financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of the internal controls based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors of the relevant subsidiary companies and joint venture company in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls over financial reporting with reference to these consolidated financial statements.

#### **Meaning of Internal Financial controls with Reference to Consolidated Financial Statements**

A company's internal financial controls with reference to consolidated financial statements are a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to consolidated financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of consolidated financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the consolidated financial statements

#### **Inherent Limitations of Internal Financial controls with Reference to consolidated Financial Statements**

Because of the inherent limitations of internal financial controls with reference to consolidated financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to consolidated financial statements to future periods are subject to the risk that the internal financial controls with reference to consolidated financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

**ANNEXURE B TO THE CONSOLIDATED AUDITOR'S REPORT****Opinion**

In our opinion, the Holding Company, its subsidiary companies and joint venture, which are companies incorporated in India, have maintained in all material respects, except otherwise stated or reported to the management, an adequate internal financial controls over financial reporting with reference to these consolidated financial statements and such internal financial controls over financial reporting with reference to these consolidated financial statements were operating effectively as at March 31, 2024, based on the internal control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

**Other Matters**

Our aforesaid report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls with reference to consolidated financial statements in so far as it relates to four subsidiary companies and one joint venture company, which are companies incorporated in India, is based on the corresponding reports of the auditors of such companies incorporated in India..

**Notes to Consolidated Financial Statements for the year ended March 31, 2024****1. CORPORATE INFORMATION:**

The consolidated financial statements comprise financial statements of Electrotherm (India) Limited (the “Company”) and its subsidiary and Joint Venture (collectively the “Group”) for the year ended March 31, 2024. The principal business of the Group is the manufacturing of Induction Furnace, Casting Machines, Transformers, Sponge and Pig Iron, Ferrous and Non-Ferrous Billets / bars / Ingots, Ductile Iron Pipes, Transmission Line Towers, Battery Operated Vehicles and Services relating to Steel Melting and other Capital Equipments.

The consolidated financial statements were authorised for issue in accordance with a resolution passed in Board Meeting held on May 20, 2024.

**2. BASIS OF PREPARATION:**

The consolidated financial statements of the Group have been prepared in accordance with Indian Accounting Standards (“Ind AS”) notified under the Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time) including the Companies (Indian Accounting Standards) Amendment Rules, 2019 and presentation requirements of Division II of Schedule III to the Companies Act, 2013, (Ind AS compliant Schedule III), as applicable to the consolidated financial statements of the Group.

The consolidated financial statements have been prepared on a historical cost basis, except for certain financial assets and liabilities which have been measured at fair value (refer accounting policy regarding financial instruments) and derivative financial instruments.

Certain comparative figures appearing in these consolidated financial statements have been regrouped and / or reclassified to better reflect the nature of those items.

The consolidated financial statements are presented in Indian Rupee and has been rounded off to the nearest Crore. Amounts less than 0.01 Crore have been presented as “0.00” except where otherwise indicated.

**2.1 SUMMARY OF MATERIAL ACCOUNTING POLICIES:****a) PRINCIPLES OF CONSOLIDATION**

The consolidated financial statements comprise the financial statements of the Company, its subsidiaries and joint venture, for the year ended March 31, 2024. In the preparation of consolidated financial statements, investment in subsidiary has been accounted for in accordance with Ind AS 110 on ‘Consolidated financial statements. The consolidated financial statements have been prepared on the following basis:-

- i) Subsidiary is fully consolidated from the date of incorporation, being the date on which the Company obtains control and continues to be consolidated until the date that such control ceases (including through voting rights). Subsidiary has been consolidated on a line-by-line basis by adding together the book values of the like items of assets, liabilities, income and expenses after eliminating all significant intra-group balances and intra-group transactions. The unrealized profits resulting from intra-group transactions that are included in the carrying amount of assets are eliminated in full.
- ii) The financial statements of the subsidiary in India are prepared for the same reporting year as the parent company, using consistent accounting policies. As far as possible, the consolidated financial statements have been prepared using uniform accounting policies, consistent with the Company’s standalone financial statements for like transactions and other events in similar circumstances and are presented, to the extent possible, in the same manner as the Company’s standalone financial statements. Any deviation in accounting policies is disclosed separately.
- iii) The financial statements of the subsidiary outside India are prepared in accordance with the principles general accepted in their respective countries. On consolidation, the assets and liabilities of foreign operations are translated into Rupees at the exchange rate prevailing at the reporting date and their statements of profit or loss are translated at exchange rates prevailing at the date of transactions. For practical reasons, the Group uses a monthly average rate to translate income and expense items, if the average rate approximates the exchange rates at the dates of transactions.
- iv) The consolidated financial statements are prepared using uniform accounting policies for like transactions and other events in similar circumstances and are presented in the same manner as the Company’s separate financial statements.
- v) The subsidiaries company considered in the consolidated financial statements and disclosure of significant interest in the subsidiaries and joint venture as per para 17 of Ind AS 27 are as under:-

**Notes to Consolidated Financial Statements for the year ended March 31, 2024**

Electrotherm Services Limited	India	Domestic Subsidiary	100.00%

\*5% shares of Shree Ram Electro Cast Limited are held by Electrotherm Services Limited, Subsidiary.

**Equity accounted investees**

The Group's interests in equity accounted investees comprise interest in joint venture. A joint venture is an arrangement in which the Group has joint control and has rights to the net assets of the arrangement, rather than rights to its assets and obligations for its liabilities. Interest in joint venture is accounted for using equity method. They are initially recognized at cost which includes transaction costs. Subsequent to initial recognition, consolidated financial statements include the Group's share of profit or loss of equity accounted investees until the date on which significant influence or joint control ceases.

**The joint venture considered in the consolidated financial statements is:**

Name of the Group	Country of Incorporation	Relationship	% of Ownership Interest as at March 31, 2024
Bhaskarpara Coal Company Limited	India	Joint Venture Company	52.63%

**b) CURRENT VERSUS NON-CURRENT CLASSIFICATION:**

The Group presents assets and liabilities in the Balance Sheet based on current / non-current classification.

An asset is treated as current when it is:

- Expected to be realised or intended to be sold or consumed in the normal operating cycle;
- Held primarily for the purpose of trading;
- Expected to be realised within twelve months after the reporting period; or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in the normal operating cycle;
- It is held primarily for the purpose of trading;
- It is due to be settled within twelve months after the reporting period; or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

The terms of the liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

The Group classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities respectively.

The operating cycle is the time between acquisition of assets for processing and their realisation in cash and cash equivalents. The Group has identified twelve months as its operating cycle.

**Notes to Consolidated Financial Statements for the year ended March 31, 2024****c) FOREIGN CURRENCIES:**

The Group's financial statements are presented in Rupees in Crore, which is also the Group's functional currency. The Group determines the functional currency and items included in the consolidated financial statements are measured using that functional currency.

**Transactions and balances**

Transactions in foreign currencies are initially recorded in the Group's functional currency at the exchange rates prevailing on the date the transaction first qualifies for recognition.

Monetary assets and liabilities denominated in foreign currencies are restated in the functional currency at the exchange rates prevailing on the reporting date of financial statements.

Exchange differences arising on settlement of such transactions and on translation of monetary items are recognised in the Consolidated Statement of Profit and Loss.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates on the dates of the initial transactions.

**d) FAIR VALUE MEASUREMENT:**

The Group measures financial instruments, such as, derivatives at fair value at each Balance Sheet date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Group.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Group determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

The Group's Management determines the policies and procedures for both recurring fair value measurement, such as unquoted financial assets measured at fair value, and for non-recurring fair value measurement.

External valuers are involved for valuation of unquoted financial assets, such as properties and unquoted financial assets, and significant liabilities, such as contingent consideration. Involvement of external valuers is decided upon annually by the Management after discussion with and approval by the Group's Audit Committee. Selection criteria include market knowledge, reputation, independence and whether professional standards are maintained. The Management decides, after discussions with the Group's external valuers, which valuation techniques and inputs to use for each case.

## Notes to Consolidated Financial Statements for the year ended March 31, 2024

At each reporting date, the Management analyses the movements in the values of assets and liabilities which are required to be remeasured or re-assessed as per the Group's accounting policies. For this analysis, the Management verifies the major inputs applied in the latest valuation by agreeing the information in the valuation computation to contracts and other relevant documents.

The Management, in conjunction with the Group's external valuers, also compares the change in the fair value of each asset and liability with relevant external sources to determine whether the change is reasonable.

For the purpose of fair value disclosures, the Group has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

This note summarises accounting policy for fair value. Other fair value related disclosures are given in the relevant notes.

- Disclosures for valuation methods, significant accounting judgements, estimates and assumptions
- Quantitative disclosures of fair value measurement hierarchy
- Financial instruments (including those carried at amortised cost)

### e) Revenue from contract with customer

Revenue from contracts with customers is recognized to the extent that is probable that the economic benefits will flow to the Group and revenue can be reliably measurable regardless of when payment is being received. Revenue is measured at transaction value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government.

The Group has concluded that it is the principal in all its revenue arrangements, because it typically controls the goods or services before transferring them to the customer.

However, the Goods & Service Tax is not received by Group on its own account, rather it is tax collected on value added to the commodity by the seller on behalf of the government. Accordingly, it is excluded from revenue.

The specific recognition criteria described below must also be met before revenue is recognized.

#### Sale of Goods:

Revenue is recognized when a promise in a customer contract (performance obligation) has been satisfied by transferring control over the promised goods to the customer. Control over a promised good refers to the ability to direct the use of, and obtain substantially all of the remaining benefits from, those goods. Control is usually transferred upon shipment, delivery to, upon receipt of goods by the customer, in accordance with the delivery and acceptance terms agreed with the customers. The amount of revenue to be recognised (transaction price) is based on the consideration expected to be received in exchange for goods, excluding amounts collected on behalf of third parties such as Goods and Service Tax or other taxes directly linked to sales. If a contract contains more than one performance obligation, the transaction price is allocated to each performance obligation based on their relative stand-alone selling prices. Revenue from product sales are recorded net of allowances for estimated rebates, cash discounts and estimates of product returns, all of which are established at the time of sale.

#### Variable Consideration

If the consideration in a contract includes a variable amount, the Group estimates the amount of consideration to which it will be entitled in exchange for transferring the goods to the customer. The variable consideration is estimated at contract inception and constrained until it is highly probable that a significant revenue reversal in the amount of cumulative revenue recognised will not occur when the associated uncertainty with the variable consideration is subsequently resolved.

The Group accounts for pro forma credits, refunds of duty of customs or excise, or refunds of sales tax in the year of admission of such claims by the concerned authorities. Benefits in respect of Export Licenses are recognised on application. Export benefits are accounted for as other operating income in the year of export based on eligibility and when there is no uncertainty on receiving the same.

#### Dividends:

Dividend is recognized when the Group's right to receive the payment is established, which is generally when shareholders approve the dividend.

#### Interest income and expense:

Interest Income is recognized on time proportion basis taking into account the amounts outstanding and the rates applicable. Interest income is included under the head "other income" in the consolidated statement of profit and loss.

**Notes to Consolidated Financial Statements for the year ended March 31, 2024****Contract Balances****Contract assets:**

A contract asset is the right to consideration in exchange for goods or services transferred to the customer. If the Group performs by transferring goods or services to a customer before the customer pays consideration or before payment is due, a contract asset is recognised for the earned consideration that is conditional.

**Trade receivables:**

A receivable represents the Group's right to an amount of consideration that is unconditional (i.e., only the passage of time is required before payment of the consideration is due).

**Contract liabilities (Advance from customers)**

A contract liability is the obligation to transfer goods or services to a customer for which the Group has received consideration (or an amount of consideration is due) from the customer. If a customer pays consideration before the Group transfers goods or services to the customer, a contract liability is recognised when the payment is made or the payment is due (whichever is earlier). Contract liabilities (advance from customers) are recognised as revenue when the Group performs under the contract.

**Refund liabilities:**

A refund liability is the obligation to refund some or all of the consideration received (or receivable) from the customer and is measured at the amount the Group ultimately expects it will have to return to the customer. The Group updates its estimates of refund liabilities (and the corresponding change in the transaction price) at the end of each reporting period.

**f) PROPERTY, PLANT AND EQUIPMENT (PPE):**

Property Plant and Equipment and Capital work in progress are stated at cost, net of accumulated depreciation and accumulated impairment losses, if any. The cost comprises purchase price and borrowing costs if capitalization criteria are met, the cost of replacing part of the fixed assets and directly attributable cost of bringing the asset to its working condition for the intended use. Each part of an item of property, plant and equipment with a cost that is significant in relation to the total cost of the item is depreciated separately. This applies mainly to components for machinery. When significant parts of fixed assets are required to be replaced at intervals, the Group recognizes such parts as individual assets with specific useful lives and depreciates them accordingly. Likewise, when a major overhauling is performed, its cost is recognized in the carrying amount of the PPE as a replacement if the recognition criteria are satisfied. Any trade discounts and rebates are deducted in arriving at the purchase price.

Subsequent expenditure related to an item of PPE is added to its book value only if it increases the future benefits from the existing asset beyond its previously assessed standard of performance. All other expenses on existing PPE, including day-to-day repair and maintenance expenditure and cost of parts replaced, are charged to the Consolidated Statement of Profit and Loss for the period during which such expenses are incurred.

CWIP comprises of cost of PPE that are yet not installed and not ready for their intended use at the Balance Sheet date.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if applicable.

The Group (except Shree Ram Electro Cast Limited) calculates depreciation on items of property, plant and equipment on a straight-line basis using the rates arrived at based on the useful lives defined under Schedule II of the Companies Act, 2013, except in respect of following property plant and equipment:

- a) Long Term Lease hold land is amortised over a period of 99 years, being the lease term.
- b) Power Plant are depreciated at annual rate of 5% and same is to bring the depreciation rates in line with the useful life of assets as estimated by the Technical Team of the Group.
- c) Shree Ram Electro Cast Limited calculate depreciation on items of property, plant and equipment on the written down basis, using the rates arrived at based on the useful lives defined under Schedule II of the Companies Act, 2013,

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the Statement of Profit and Loss when the asset is derecognised.

**g) INTANGIBLE ASSETS:**

Intangible Assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost, less any accumulated amortisation and accumulated impairment losses, if any.

## Notes to Consolidated Financial Statements for the year ended March 31, 2024

Intangible assets in the form of software are amortised over a period of six years and trademarks over a period of five years as per their respective useful life based on a straight-line method. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortisation period or method, as appropriate, and are treated as changes in accounting estimates. The amortisation expense on intangible assets with finite lives is recognised in the Statement of Profit and Loss.

Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the Consolidated Statement of profit or loss when the asset is derecognised.

### h) IMPAIRMENT OF NON-FINANCIAL ASSETS:

The Group assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Group estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an assets or cash-generating unit's (CGU) fair value less costs of disposal and its value in use. The recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or group of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used.

The Group bases its impairment calculation on detailed budgets and forecast calculations, which are prepared separately for each of the Group's CGUs to which the individual assets are allocated. These budgets and forecast calculations generally cover a period of five years. For longer periods, a long-term growth rate is calculated and applied to project future cash flows after the fifth year. To estimate cash flow projections beyond periods covered by the most recent budgets / forecasts, the Group extrapolates cash flow projections in the budget using a steady or declining growth rate for subsequent years, unless an increasing rate can be justified. In any case, this growth rate does not exceed the long-term average growth rate for the products, industries, or country or countries in which the entity operates, or for the market in which the asset is used.

### i) BORROWING COSTS:

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds.

### j) LEASES:

The determination of whether an arrangement is (or contains) a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is, or contains, a lease if fulfilment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset or assets, even if that right is not explicitly specified in an arrangement.

#### Group as a lessee:

##### i Right of use assets

The Group recognizes right-of-use assets at the commencement date of the lease (i.e the date the underlying asset is available for use), Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Right-of-use assets are depreciated on a straight-line basis over the shorter of the lease term and the estimated useful lives of the assets, as follows:

Assets	Estimated Useful Life
Right-of-use of office premises and Leasehold land	Over the balance period of lease agreement

If ownership of the leased asset transfers to the group at the end of the lease term or the cost reflects the exercise of a purchase option, depreciation is calculated using the estimated useful life of the asset. The right-of-use assets are also subject to impairment. Refer to the accounting policies in relating to Impairment of non-financial assets.

**Notes to Consolidated Financial Statements for the year ended March 31, 2024****ii Lease Liabilities**

At the commencement date of the lease, the Group recognises lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Group and payments of penalties for terminating the lease, if the lease term reflects the Group exercising the option to terminate. Variable lease payments that do not depend on an index or a rate are recognised as expenses (unless they are incurred to produce inventories) in the period in which the event or condition that triggers the payment occurs.

In calculating the present value of lease payments, the Group uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments (e.g., changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset.

**iii. Short-term leases and leases of low-value assets**

The Group applies the short-term lease recognition exemption to its short-term leases of machinery and equipment and offices (i.e., those leases that have a lease term of 12 months or less from the commencement date). It also applies the lease of low-value assets recognition exemption to leases of office equipment that is considered to be low value amounting to Rs. 0.02 crore. Lease payments on short-term leases and leases of low-value assets are recognised as expense on a straight-line basis over the lease term.

**k) FINANCIAL INSTRUMENTS:**

A Financial instrument is any contract that gives rise to a financial asset of one entity and financial liability or equity instrument of another entity.

**Financial assets****Initial recognition and measurement**

All financial assets are recognised initially at fair value plus in the case of financial assets not recorded at fair value through Consolidated Statement of Profit and Loss, transaction costs that are attributable to the acquisition of the financial asset.

The classification of financial assets at initial recognition depends on the financial asset's contractual cash flow characteristics and the Group's business model for managing them. With the exception of trade receivables that do not contain a significant financing component or which the Group has applied the practical expedient, are measured at the transaction price determined under Ind AS 115. Refer to the accounting policies in section 2.1(e) Revenue from contracts with customers.

**Subsequent measurement**

For purposes of subsequent measurement, financial assets are classified in three categories:

- Financial assets instruments (debt instruments) - measured at amortised cost
- Financial asset at fair value through profit or loss (FVTPL) (Derivatives and Equity Instruments)
- Financial asset - measured at fair value through other comprehensive income (FVTOCI)

**Financial asset at amortised cost (debt instruments)**

A 'financial assets' is measured at the amortised cost if both the following conditions are met:

- a) The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- b) Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

This category is the most relevant to the Group. After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance income in the Consolidated Statement of Profit and Loss. The losses arising from impairment are recognised in the Consolidated Statement of Profit and Loss. This category generally applies to trade, loans and other receivables.

## Notes to Consolidated Financial Statements for the year ended March 31, 2024

### Financial Assets at FVTOCI

Financial assets that meet the following conditions are measured initially as well as at the end of each reporting date at fair value, recognised in other comprehensive income (OCI).

- a) The objective of the business model is achieved both by collecting contractual cash flows and selling the financial assets, and
- b) The contractual terms of the asset that give rise on specified dates to cash flows that represent solely payment of principal and interest.

### Financial Assets at FVTPL

Financial assets are carried in the balance sheet at fair value and net changes in fair value recognised in the consolidated statement of profit and loss.

This category includes derivative instruments and investments in equity instruments which the Group had not irrevocably elected to classify at fair value through OCI. Dividends on such investments are recognised in the statement of profit and loss when the right of payment has been established

Financial Assets included within the FVTPL category are measured at fair value with all changes recognized in the consolidated statement of Profit and Loss.

### Equity investments

Investments in subsidiaries are measured at cost as per Ind AS 27 - Separate Financial Statements All equity investments in scope of Ind AS 109 are measured at fair value. For all other equity instruments, the Group may make an irrevocable election to present in other comprehensive income subsequent changes in the fair value. The Group makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable.

If the Group decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the other comprehensive income (OCI). There is no recycling of the amounts from OCI to Consolidated Statement of Profit and Loss, even on sale of investment. However, the Group may transfer the cumulative gain or loss within equity.

Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the Consolidated Statement of Profit and Loss.

### Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised (i.e. removed from the Group's Balance Sheet) when:

- The rights to receive cash flows from the asset have expired, or
- The Group has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the Group has transferred substantially all the risks and rewards of the asset, or (b) the Group has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Group has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Group continues to recognise the transferred asset to the extent of the Group's continuing involvement. In that case, the Group also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Group has retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Group could be required to repay.

### Impairment of financial assets

The Group recognises an allowance for expected credit losses (ECLs) for all debt instruments not held at fair value through profit or loss. ECLs are based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Group expects to receive, discounted at an approximation of the original effective interest rate. The expected cash flows will include cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

**Notes to Consolidated Financial Statements for the year ended March 31, 2024**

ECLs are recognised in two stages. For credit exposures for which there has not been a significant increase in credit risk since initial recognition, ECLs are provided for credit losses that result from default events that are possible within the next 12-months (a 12-month ECL). For those credit exposures for which there has been a significant increase in credit risk since initial recognition, a loss allowance is required for credit losses expected over the remaining life of the exposure, irrespective of the timing of the default (a lifetime ECL).

For trade receivables and contract assets, the Group follows 'simplified approach' for recognition of impairment loss allowance on trade receivables.

Under the simplified approach the Group does not track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition. Lifetime ECL are the expected credit losses resulting from all possible default over the expected life of a financial instrument.

The Group considers a financial asset in default when contractual payments are overdue. However, in certain cases, the Group may also consider a financial asset to be in default when internal or external information indicates that the Group is unlikely to receive the outstanding contractual amounts in full before taking into account any credit enhancements held by the Group. A financial asset is written off when there is no reasonable expectation of recovering the contractual cash flows.

ECL impairment loss allowance (or reversal) recognized during the period is recognized as income / expense in the consolidated Statement of Profit and Loss. This amount is reflected under the head 'other expenses' in the Consolidated Statement of Profit and Loss.

The Balance Sheet presentation for various financial instruments is described below:

**Financial assets measured at amortised cost:**

ECL is presented as an allowance, i.e., as an integral part of the measurement of those assets in the Balance Sheet. The allowance reduces the net carrying amount. Until the asset meets write-off criteria, the Group does not reduce impairment allowance from the gross carrying amount.

**Financial liabilities & Equity Instruments****Classification as debt or equity**

Financial liabilities and equity instruments are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument.

**Equity instruments**

An equity instrument is any contract that evidences a residual interest in the assets of the Group after deducting all of its liabilities. Equity instruments are recorded at the proceeds received, net of direct issue costs.

**Initial recognition and measurement**

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through Consolidated Statement of Profit and Loss, loans and borrowings, payables, or as derivatives designated as hedging instruments in an effective hedge, as appropriate.

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The Group's financial liabilities include trade and other payables, loans and borrowings including cash credit facilities from banks and derivative financial instruments.

**Subsequent measurement**

For purposes of subsequent measurement, financial liabilities are classified in two categories:

- Financial liabilities at fair value through profit or loss
- Financial liabilities at amortised cost (loans and borrowings)

**Financial liabilities at fair value through Profit or Loss.**

Financial liabilities at fair value through Profit or Loss include financial liabilities held for trading and financial liabilities designated upon initial recognition at fair value through Profit or Loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. This category also includes derivative financial instruments entered into by the Group that are not designated as hedging instruments in hedge relationships as defined by Ind AS 109.

## Notes to Consolidated Financial Statements for the year ended March 31, 2024

Gains or losses on liabilities held for trading are recognised in the Consolidated Statement of Profit and Loss.

Financial liabilities designated upon initial recognition at fair value through Consolidated Statement of Profit and Loss are designated as such at the initial date of recognition and only if the criteria in Ind AS 109 are satisfied. For liabilities designated as FVTPL, fair value gains / losses attributable to changes in own credit risks are recognized in OCI. These gains / losses are not subsequently transferred to Profit and Loss. However, the Group may transfer the cumulative gain or loss within equity. All other changes in fair value of such liability are recognised in the Statement of Profit and Loss. The Group has not designated any financial liability at FVTPL.

### Loans and borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in Consolidated Statement of profit and loss when the liabilities are derecognised as well as through the EIR amortisation process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the Statement of Profit and Loss. This category generally applies to borrowings.

### Financial guarantee contracts

Financial guarantee contracts issued by the Group are those contracts that require a payment to be made to reimburse the holder for a loss it incurs because the specified debtor fails to make a payment when due in accordance with the terms of a debt instrument. Financial guarantee contracts are recognised initially as a liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee. Subsequently, the liability is measured at the higher of the amount of loss allowance determined as per impairment requirements of Ind AS 109 and the amount recognised less cumulative amortisation

### Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the Statement of Profit and Loss.

### Reclassification of financial assets

The Group determines classification of financial assets and liabilities on initial recognition. After initial recognition, no reclassification is made for financial assets which are equity instruments and financial liabilities. For financial assets which are debt instruments, a reclassification is made only if there is a change in the business model for managing those assets. Changes to the business model are expected to be infrequent. The Group's senior management determines change in the business model as a result of external or internal changes which are significant to the Group's operations. Such changes are evident to external parties. A change in the business model occurs when the Group either begins or ceases to perform an activity that is significant to its operations. If the Group reclassifies financial assets, it applies the reclassification prospectively from the reclassification date which is the first day of the immediately next reporting period following the change in business model. The Group does not restate any previously recognised gains, losses (including impairment gains or losses) or interest.

### Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the Balance Sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

## I) INVENTORIES:

Inventories are valued at the lower of cost and net realisable value after providing for obsolescence and other losses, wherever considered necessary. However, materials and other items held for use in the production of inventories are not written down below cost if the finished products in which they will be incorporated are expected to be sold at or above cost. Scrap is valued at net realisable value. Cost is determined on a Weighted Average method.

Cost includes direct materials and labour and a proportion of manufacturing overheads based on normal operating capacity, incurred in bringing them in their respective present location and condition.

Net realizable value is the estimated selling price in the ordinary course of business less estimated cost of completion and the estimated costs necessary to make the sale.

**Notes to Consolidated Financial Statements for the year ended March 31, 2024****m) RETIREMENT AND OTHER EMPLOYEE BENEFITS:**

Retirement benefits in the form of provident fund are defined contribution plans. The Group has no obligation, other than the contributions payable to provident fund. The Group recognises contribution payable to these funds as an expense, when an employee renders the related service.

For the defined benefit plans, the cost of providing benefits is determined using the Projected Unit Credit Method, with actuarial valuations being carried out at each balance sheet date. Re-measurements, comprising of actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognised immediately in the Balance Sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Re-measurements are not reclassified to Statement of profit and loss in subsequent periods.

Net interest is calculated by applying the discount rate to the net defined benefit liability or asset. The Group recognises the following changes in the net defined benefit obligation as an expense in the Consolidated Statement of Profit and Loss:

- Service costs comprising current service costs; and
- Net interest expense or income

The liability in respect of unused leave entitlement of the employees as at the reporting date is determined on the basis of an independent actuarial valuation carried out and the liability is recognized in the Consolidated Statement of Profit and Loss. Actuarial gain and loss are recognised in full in the period in which they occur in the Consolidated Statement of Profit and Loss.

**n) TAXES:**

Tax Expenses comprises of current income tax and deferred tax

**Current income tax:**

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Current income tax relating to items recognised outside the Consolidated Statement of Profit and Loss is recognised outside the Consolidated Statement of Profit and Loss (either in other comprehensive income or in equity). Current tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

**Deferred Tax:**

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax liabilities are recognised for all taxable temporary differences, except:

- When the deferred tax liability arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable Profit or Loss.
- In respect of taxable temporary differences associated with investments in subsidiaries, when the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future.

Deferred tax assets are recognized for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognized to the extent that it is probable that taxable profit will be available against which the deductible temporary differences and the carry forward of unused tax credits and unused tax losses can be utilised, except:

- When the deferred tax asset arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss.
- In respect of deductible temporary differences associated with investments in subsidiaries, deferred tax assets are recognised only to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary differences can be utilised.

## Notes to Consolidated Financial Statements for the year ended March 31, 2024

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognised outside the Statement of Profit and Loss is recognised outside the Statement of Profit and Loss (either in other comprehensive income or in equity). Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

**o) PROVISIONS:**

Provisions are recognised when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. When the Group expects some or all of a provision to be reimbursed, the reimbursement is recognised as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the Statement of Profit and Loss net of any reimbursement.

**p) EARNINGS PER SHARE:**

Basic earnings per share are calculated by dividing the net profit for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period.

For the purpose of calculating diluted earnings per share, the net profit for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares, if any.

**q) CASH AND CASH EQUIVALENT:**

Cash and cash equivalents in the Balance Sheet comprise cash at banks and in hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of charges in value.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts as they are considered an integral part of the Group's cash management.

**r) CASH DIVIDEND:**

The Group recognises a liability to make cash or non-cash distributions to equity holders of the Group when the distribution is authorised and the distribution is no longer at the discretion of the Group. As per the Companies Act, 2013, a distribution is authorised when it is approved by the shareholders. A corresponding amount is recognised directly in equity.

**s) CONTINGENT LIABILITIES:**

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Group or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The Group does not recognize a contingent liability but discloses its existence in the financial statements.

### 2.2 SIGNIFICANT ACCOUNTING ESTIMATES AND ASSUMPTIONS:

The preparation of the Group's financial statements requires management to make judgements, estimates customer will be entitled. The Group determined that the expected value method is the appropriate method to use in estimating the variable consideration for revenue from contract with customer. The selected method that better predicts the amount of variable consideration was primarily driven by the number of volume thresholds contained in the contract with the customer. Before adjusting any amount of variable consideration in the transaction price, the Group considers whether the amount of variable consideration is constrained. The Group determined that the estimates of variable consideration are not constrained based on its historical experience, business forecast and the current economic conditions.

#### Judgements

In the process of applying the Group's accounting policies, management has made the following judgement, which have the most significant effect on the amounts recognised in the financial statements:

**Notes to Consolidated Financial Statements for the year ended March 31, 2024****Determining the lease term of contracts with renewal and termination options – Group as lessee.**

The Group determines the lease term as the noncancellable term of the lease, together with any periods covered by an option to extend the lease if it is reasonably certain to be exercised, or any periods covered by an option to terminate the lease, if it is reasonably certain not to be exercised. The Group has several lease contracts that include extension and termination options. The Group applies judgement in evaluating whether it is reasonably certain whether or not to exercise the option to renew or terminate the lease. That is, it considers all relevant factors that create an economic incentive for it to exercise either the renewal or termination. After the commencement date, the Group reassesses the lease term if there is a significant event or change in circumstances that is within its control and affects its ability to exercise or not to exercise the option to renew or to terminate (e.g., construction of significant leasehold improvements or significant customisation to the leased asset).

**Estimates and assumptions**

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Group based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Group. Such changes are reflected in the assumptions when they occur.

**Defined benefit plans (gratuity benefits)**

The cost of the defined benefit gratuity plan and the present value of the gratuity obligation are determined using actuarial valuation. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

The parameter most subject to change is the discount rate. In determining the appropriate discount rate for plans operated in India, the management considers the interest rates of government bonds in currencies consistent with the currencies of the post-employment benefit obligation.

The mortality rate is based on publicly available mortality tables for India. Those mortality tables tend to change only at interval in response to demographic changes. Future salary increases and gratuity increases are based on expected future inflation rates for India.

Further details about gratuity obligations are given in Note 32.

**Useful Life of Property, Plant & Equipment and Intangible assets**

Property, Plant and Equipment and Intangible Assets are depreciated / amortised over their estimated useful life, after taking into account estimated residual value. Management reviews the estimated useful life and residual values of the assets annually in order to determine the amount of depreciation / amortisation to be recorded during any reporting period. The useful life and residual values are based on the Group's historical experience with similar assets and take into account anticipated technological changes. The depreciation / amortisation for future periods is revised if there are significant changes from previous estimates.

**2.3 RECENT ACCOUNTING PRONOUNCEMENTS:**

The Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. For the year ended March 31, 2024, MCA has not notified any new standards or amendments to the existing standards applicable to the group.

**Impairment**

Goodwill is not amortized, instead, it is tested for impairment annually or more frequently if indications of impairment exist. The recoverable amount of a cash generating unit (CGU) is determined based on value-in-use or fair value less cost to sell calculations which requires the use of certain assumptions. Considering the outlook of the current situation as stated in note no. 41(d), it has been determined that an impairment would be required to be considered in the financial statement. Accordingly, an impairment of Rs 36.46 crores on goodwill has been provided in the financial statements as at March 31, 2023 and has been shown as an exceptional item.

## Notes to Consolidated Financial Statements for the year ended March 31, 2024

Net Deferred tax assets have not been recognized, as it is not probable that sufficient taxable income will be available in the future against which such deferred tax assets can be realized in the normal course of business of the group.

The Group offsets tax assets and liabilities if and only if it has a legally enforceable right to set off current tax assets and current tax liabilities and the deferred tax assets and deferred tax liabilities relate to income taxes levied by the same tax authority.

\*DTA on unabsorbed depreciation has been computed on the basis of assumption that the same is available for set off against the future profit as the management is hopeful that the Income tax Assessment order refer in note no 31(a)(v) & (xi) will be decided in favour of the group.

iii) Sensitivity analysis

 The sensitivity of defined obligation to changes in the weighted principal assumptions is: (Rs In Crore)

Assumption	Impact on defined benefit obligation	
	March 31, 2024	March 31, 2023
<b>Discount rate</b>		
1.0% increase	(2.08)	(1.82)
1.0% decrease	2.42	2.12
<b>Future salary increase</b>		
1.0% increase	2.18	1.99
1.0% decrease	(2.02)	(1.78)
<b>Rate of Employee Turnover</b>		
1.0% increase	0.22	0.25
1.0% decrease	(0.25)	(0.28)

- i. The sensitivity analysis have been determined based on reasonably possible changes of the respective assumptions occurring at the end of the reporting period, while holding all other assumptions constant.
- ii. The sensitivity analysis presented above may not be representative of the actual change in the projected benefit obligation as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumptions may be correlated.
- iii. Furthermore, in presenting the above sensitivity analysis, the present value of the projected benefit obligation has been calculated using the projected unit credit method at the end of the reporting period, which is the same method as applied in calculating the projected benefit obligation as recognised in the balance sheet.
- iv. There was no change in the methods and assumptions used in preparing the sensitivity analysis from prior year.

Maturity Analysis of Benefit Payments is undiscounted cashflows considering future salary, attrition & death in respective year for members as mentioned above.

**32.2 Risks associated with defined benefit plan:**

Gratuity is a defined benefit plan and group is exposed to the Following Risks:

**Interest rate risk:** A fall in the discount rate which is linked to the G.Sec. Rate will increase the present value of the liability requiring higher provision. A fall in the discount rate generally increases the mark to market value of the assets depending on the duration of assets.

**Salary Risk:** The present value of the defined benefit plan liability is calculated by reference to the future salaries of members. As such, an increase in the salary of the members more than assumed level will increase the plan's liability.

**Investment Risk:** The present value of the defined benefit plan liability is calculated using a discount rate which is determined by reference to market yields at the end of the reporting period on government bonds. If the return on plan asset is below this rate, it will create a plan deficit. Currently, for the plan in India, it has a relatively balanced mix of investments in government securities, and other debt instruments.

**Asset Liability Matching Risk:** The plan faces the ALM risk as to the matching cash flow. Since the plan is invested in lines of Rule 101 of Income Tax Rules, 1962, this generally reduces ALM risk.

**Mortality Risk:** Since the benefits under the plan is not payable for life time and payable till retirement age only, plan does not have any longevity risk.

**Concentration Risk:** Plan is having a concentration risk as all the assets are invested with the insurance company and a default will wipe out all the assets. Although probability of this is very less as insurance companies have to follow regulatory guidelines.

The details related to gratuity is on the basis of the certificate issued by the actuarial valuer.

**33 EARNINGS PER SHARES (EPS):**

The basic Earnings per Share is calculated by dividing the profit attributable to the existing equity shares outstanding:-

**41. Going Concern of the Subsidiary & Joint Venture:****(a) Bhaskarpara Coal Company Limited (Joint Venture Company)**

Ministry of Coal, Government of India vide their letter No: 13016 / 54 / 2008-CA-I Vol.III dated November, 15 2012 has ordered de-allocation of Bhaskarpara Coal block and invocation of partial amount of Bank Guarantee of Rs. 1.6513 Crores in respect thereof. However, M / s UltraTech Cement Limited one of the promoters of the company has filed writ petition under Article 226 of the Constitution of India in Chhattisgarh High Court. The High Court has granted stay against further proceedings. Subsequently Supreme Court of India vide its order dated September 24, 2014 ordered the cancellation of coal block allotted to the Joint Venture. In view of this de-allocation matter before Chhattisgarh High Court has become infructuous.

The High Court of Chhattisgarh has passed final order on November 15, 2017 and upheld MoC demand to invoke the bank guarantee to the extent of the amount of Rs. 1.6513 Crores with accruals as may be due thereon. The joint venture company has filed SLP 35575 / 2017 in Hon'ble Supreme Court and stay granted on invocation of the bank guarantee.

In view of the Supreme Court of India's order for the cancellation of the coal block allotted to the Joint Venture Company, the Joint Venture Company does not have any business to carry on. Hence, these accounts are prepared on the basis that the Joint Venture Company is not a going concern.

**(b) Shree Ram Electro Cast Limited**

The subsidiary company has discontinued its operation since April 2011 because of the non-availability of Iron Ores due to ban on mining by the Hon'ble Supreme Court's order in the state of the Karnataka and further the State Bank of India has taken action under SARFAESI Act, 2002 and subsequent action of the sale through auction of the hypothecated / mortgaged assets of the Subsidiary Company situated at Honnarhalli Village, Hatchali Post, Siruguppa Taluk, Bellari District, Karnataka was taken place for Rs. 11.97 Crore and its formalities have been completed upto April 16, 2019. Further, the subsidiary company has accumulated losses and its net worth has been fully eroded, the subsidiary Company has incurred a net loss / net cash loss during the current and previous year(s) and, the subsidiary Company's current liabilities exceeded its current assets as at the balance sheet date & 100% of its charged Assets have been sold through auction by the bankers. These conditions, indicate the existence of a material uncertainty that may cast significant doubt about the Subsidiary Company's ability to continue as a going concern.

**(c) ET Elec-Trans Limited**

Subsidiary Company has not carried out any business or commercial activity. During the year the subsidiary company has a cash loss of Rs 0.00 Crore and accumulated losses of Rs 1.49 Crore, which has fully eroded the net worth of the subsidiary company. These conditions, indicate the existence of a material uncertainty that may cast significant doubt about the subsidiary Company's ability to continue as a going concern.

**(d) Hans Ispat Limited**

Bank of Baroda had filed Original Application against Hans Ispat Limited (Subsidiary Company) & its guarantors (i.e. Mr. Shailesh Bhandari and Mr. Mukesh Bhandari) before Debts Recovery Tribunal-1, Ahmedabad ("DRT") under section 19 of the Recovery of Debts due to Banks and Financial Institutions Act 1993. #### 42.2 Fair Value Measurement

##### i) Fair value hierarchy

This section explains the judgments and estimates made in determining the fair values of the financial instruments that are (a) recognized and measured at fair value and (b) measured at amortized cost and for which fair values are disclosed in the financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the Group has classified its financial instruments into three levels prescribed under the accounting standard. An explanation of each level follows underneath the table.

**Notes to Consolidated Financial Statements for the year ended March 31, 2024**

Financial assets and liabilities measured at fair value - recurring fair value measurements:

(Rs In Crore)

Particulars	Note	Level 1	Level 2	Level 3	Total
<b>Investments in quoted mutual fund</b>					
As at March 31, 2024	5	0.72	-	-	0.72
As at March 31, 2023	5	0.52	-	-	0.52

Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices.

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximize the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in Level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in Level 3.

**ii) Valuation technique used to determine fair value**

Financial instruments are initially recognized and subsequently re-measured at fair value as described below:

- The fair value of investment in quoted Mutual Funds is measured at quoted price or NAV

**iii) Valuation process**

The Group obtains valuation results from external valuers for level 2 measurements. Inputs to level 2 measurements are verified by the Company's treasury department.

**iv) Fair value of financial assets and liabilities measured at amortized cost**

The management assessed that cash and cash equivalents, Bank Balance other than cash and cash equivalents, trade receivables, trade payables and government securities, other financial assets, short term borrowings, non current borrowings and other current financial liabilities approximate their carrying amounts.

**43 Financial Instrument Risk, Management, Objectives & Policies****43.1 Financial risk management**

The management of the Group has implemented a risk management system that is monitored by the Board of Directors. The general conditions for compliance with the requirements for proper and future-oriented risk management within the Group are set out in the risk management principles. These principles aim at encouraging all members of staff to responsibly deal with risks as well as supporting a sustained process to improve risk awareness. The guidelines on risk management specify risk management processes, compulsory limitations, and the application of financial instruments. The risk management system aims at identifying, analyzing, managing, controlling and communicating risks promptly throughout the Group. Risk management reporting is a continuous process and part of regular Group reporting.

The group is exposed to credit, liquidity and market risks (interest rate risk, foreign currency risk and other price risk) during the course of ordinary activities. The aim of risk management is to limit the risks arising from operating activities and associated financing requirements.

**43.2 Credit risk**

The Group is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including deposits with banks and other financial instruments. The balances with banks and security deposits are subject to low credit risk since the counter-party has strong capacity to meet the obligations and where the risk of default is negligible or nil.

**Trade receivables and Advances to Suppliers & Others**

Credit risk arises from the possibility that customer / borrowers will not be able to settle their obligations as and when agreed. To manage this, the Group periodically assesses the financial reliability of customers and the borrowers, taking into account the financial condition, current economic trends, analysis of historical bad debts, ageing of accounts receivable and forward looking information.

The provision on trade receivables for expected credit loss is recognized on the basis of life-time expected credit losses (simplified approach). Trade receivables are evaluated separately for balances towards progress billings and retention money due from customers. An expected loss rate is calculated at each year-end, based on combination of rate of default and rate of delay. The Group considers the rate of default and delay upon initial recognition of asset, based on the past experience and forward-looking information, wherever available.

## Notes to Consolidated Financial Statements for the year ended March 31, 2024

### 43.3 Liquidity risk

Liquidity risk is the risk that the group will face in meeting its obligations associated with its financial liabilities. The group's approach in managing liquidity is to ensure that it will have sufficient funds to meet its liabilities when due without incurring unacceptable losses.

In doing this, management considers both normal and stressed conditions.

Cash flow from operating activities provides the funds to service the financial liabilities on a day-to-day basis.

Liquidity crises has led to default in repayment of principal and interest to lenders however the group regularly monitors the rolling forecasts to ensure it has sufficient cash on an on-going basis to meet operational needs. Any short term surplus cash generated, over and above the amount required for working capital management and other operational requirements, is retained as cash and cash equivalents (to the extent required) and any excess is used for the repayment of loan, invested in interest bearing term deposits and mutual funds with appropriate maturities to optimize the cash returns on investments while ensuring sufficient liquidity to meet its liabilities.

The following table shows the maturity analysis of the group's financial liabilities based on contractually agreed undiscounted cash flows along with its carrying value as at the Balance Sheet date.

### Maturities of financial liabilities

**43.4 Market risk**

Market risk is the risk that the fair value of the future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, foreign currency risk and other price risk. Financial instruments affected by market risk includes borrowings, deposits, investments, trade and other receivables, trade and other payables and derivative financial instruments.

The potential economic impact, due to these assumptions, is based on the occurrence of adverse / inverse market conditions and reflects estimated changes resulting from the sensitivity analysis. Actual results that are included in the Statement of Profit and Loss may differ materially from these estimates due to actual developments in the global financial markets. The Group is mainly exposed to interest rate risk and foreign currency risk.

**i) Interest Rate Risk:**

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in the market rates. Since the borrowing of the company are classified as non performing assets or are transferred to assets reconstruction company or the settlement agreement have been executed and few lenders are charging interest at fix rate of interest, therefore the exposure to risk of changes in market interest rates is minimal. However the Company is liable for the payment of interest to Union Bank of India and Central Bank of India @ 1 Year MCLR on the Outstanding amount & it's sensitivity analysis is as under :-

(Rs In Crore)

Particular	Outstanding Amount as on March 31, 2024	Interest for the period ended as on March 31, 2024	Increase in Interest by 1%	Decrease in Interest by 1%

# MAKING TODAY'S BUILDINGS SECURE FOR GENERATIONS TO COME!

Western India's first fully integrated steel manufacturing facility,  
producing **Epoxy Coated TMT Bars** at a single location.

**The best choice for maximum protection.**

**(IRON ORE > BLAST FURNACE > SPONGE KILNS > MELTING >  
REFINING > ROLLING > EPOXY COATING)**

Epoxy coated bars perform better in both marine as well as inland environments, by significantly delaying the initiation of corrosion. This results in **10 times** increase in the life of the structure and a lower life cycle cost.

**Available Grades:** Fe 500, Fe 500 D, Fe 550, Fe 550 D, CRS FE 500 and CRS FE 500D

**Available Sizes:** 8mm to 40mm

**Approvals:** RDSO, MES, NPCIL, DFCCIL, PGCIL and NHAI.
